ANNUAL REPORTS.

The Annual Report submitted by each Subordinate Court is the official record of the Court, and the attention of officers and Deputy High Chief Rangers is called to the necessity of greater care being exercised in seeing that these Reports are absolutely correct before forwarding them to this office. The experience

of the present year has been that many unaccountable errors have been made which required the returning of Reports for correction, all of which has caused delay in preparation of copy for this Report, which might have been avoided, had proper care been taken at time of Audit.

The financial and membership year begins January 1st and ends December 31st, and Report for year must contain only the record between these periods. The membership record must be complete as to initiations, resignations, suspensions, withdrawals and deaths, and officers of Courts must comply with the requirements of forwarding notices of initiations, resignations, suspensions and withdrawals, immediately after the meeting at which they occur. The financial statement must contain an account of all moneys received and expended, and the balance reported must account for all moneys on hand, whether in Mortuary, Emergency, General, Contingent, Building or Fund of any like nature.

PAYMENTS TO THE HIGH COURT.

The same condition has prevailed during the past year as in previous years, and payment of Mortuary Calls by Subordinate Court Treasurers have been generally prompt, and it is hoped this condition will continue to prevail. Where there has been a delay it has usually been occasioned by the failure of the Financial Secretary to forward his statement to the Treasurer, and the attention of those officers is called to the importance of that part of their duty.

During the year 1913 the High Standing Committee finding, as they did in 1912, that there was an accumulation in the General Fund of more money than would be required for the expenses of the Order during the balance of the year, voted that \$6,000.00 be transferred from that Fund to the Emergency, which amount was placed to the credit of the Trustees in the Old Colony Trust Company.

NEW COURTS.

Edward Everett Court No. 255 was instituted in Dorchester, May 12th, 1913, with 23 Charter members, the average age being 34 years, and South Boston Court No. 256 was instituted

in St. Eulalia's Parish, South Boston, December 28th, with 18 members, average age being 33 years, one month. Both of these Courts have many progressive young men in their membership, and it is expected they will soon assume the position of being among the most active Courts of the Order.

SURRENDER OF CHARTER.

Father Patrick Moyce Court surrendered its Charter January 3rd, the members who were in good standing taking withdrawals into Father Joseph T. Lynch Court in the same city.

SPECIAL AUDITORS' REPORTS.

A new form of Auditors' Report has been adopted by the High Standing Committee and blanks sent to every Subordinate Court for each quarter of the year.

The purpose of this report is to serve as a check upon the Financial Secretaries in reporting the amount owed by members at close of each quarter, by requiring that a list of those owing two or more Calls be rendered to the Chief Ranger, whose duty it is to verify the list and amount and also to insist on a more strict adherence to the Constitution. The Reports have shown that a large number of Courts have altogether too many members who are in arrears to such an extent that the possibility of such members ever again becoming in good financial standing is very remote and suspension must be the final outcome, resulting in financial loss to the Court.

The attention of Deputy High Chief Rangers has been called to the Mortuary Laws of the Constitution and instructions have been given to insist upon a more rigid compliance with the same. The forms for Treasurers' Reports calls for a more thorough audit than has been in vogue in the past, and has already proven to be of great value.

Exceptions have been taken by some Courts to the requirement of the audit being made each quarter, the statement being that in years past the books have been audited but once a year, and attention is called to the necessity of this as contained in Article VI, Section 1, Subordinate Court Constitution.

M. C. O. F. LEAGUE FOR THE PROTECTION OF DELIN- QUENT CHILDREN.

Since the last Annual Report was issued there has been received for this Fund, \$303.00, being a sum total of \$1,533.90 since the first call was issued, all of which has been distributed as follows: To Director of Charities, Archdiocese of Boston, \$1,130.90; Director of Charities, Diocese of Springfield, \$363.00; Director of Charities, Diocese of Fall River, \$40.00; the following Courts being those who contributed between April 1st and December 31st, 1914:—

Court	Amount	Court	Amount	Court	Amount	Court	Amount
69	\$10 00	201	\$10 00	190	\$38 00	15	\$20 00
232	25 00	142	10 00	24	10 00	241	10 00
20	10 00	12	5 00	64	10 00	75	10 00
247	10 00	63	25 00	1	15 00	227	10 00
134	5 00	104	15 00	251	25 00		
81	10 00	83	10 00	188	10 00	Total,	\$303 00

As many of the Courts did not respond to the first appeal, which was issued in 1912, until after January 1, 1913, it was deemed inadvisable to issue any Call for this Fund until the present year, and in consequence a request has been sent to each Subordinate Court to make such contribution during the month of March as the Court could afford for this purpose each year.

The appreciation which has been manifested and report of accomplishments as made by the Directors of Charities in the Archdiocese of Boston and the Dioceses of Springfield and Fall River, by the assistance rendered both in a financial, as well as individual manner, bespeaks for this movement a medium of great good in years to come for the wayward Catholic Youth.

CATHOLIC CHURCH EXTENSION SOCIETY CHAPEL.

In October, 1913, a Missionary Congress under the Catholic Church Extension Society was held in Boston. It was attended by the largest number of the Hierarchy and Priests ever assembled in the United States and by thousands of laity from different parts of the country.

The exercises were presided over by His Eminence, our beloved Cardinal, William H. O'Connell, and our Worthy High Senior Conductor, Brother Joseph T. Brennan served as General Secretary of the Congress. As a result of these meetings the objects of this great organization were especially featured, and active co-operation pledged by the Catholics of Massachusetts and elsewhere.

The object of this Society is to educate young men for Home Missionaries, provide means for Catholics who live in remote sections of our country to attend Mass, by the building of Chapels in sparsely settled sections, and support of Missionary Priests. In common with other fraternal organizations the matter of donating an amount sufficient for the erection of one of these Chapels was brought to the attention of all Subordinate Courts and an offering of three dollars from each was requested. Response was prompt, the following Courts each sending the above-named amount:—

Joseph T. Brennan, \$4.00. Total number of Courts contributing, 182. Amount \$550.00.

This sum has been forwarded to the Catholic Church Extension Society and acknowledgment is herewith appended. We have also received notice that a Chapel is being erected in Puposky, Minnesota, and a tablet will be placed thereon inscribed,—“ERECTED TO THE MEMORY OF DECEASED

MEMBERS OF THE MASSACHUSETTS CATHOLIC ORDER OF FORESTERS."

Thus, another deed has been performed, to be added to the series of glorious accomplishments of previous years in advancing the cause of Catholicity and exemplifying the spirit of true Christian Charity.

Office of the Catholic Church

McCormack Bldg., Chicago.

January 27, 1914.

Officials and Members of the
Massachusetts Catholic Order of Foresters,
Boston, Mass.

Dear Friends:—

In the name of the Catholic Church Extension Society I wish to thank you for your generous check for the purpose of building a Chapel to be located in some poor section of the Country, dedicated to the deceased members of your Order.

I am particularly gratified with this generous act because I feel it is not only a manifestation of the Faith and Good Will of your members, but it is also a little fruit of the Congress in Boston which the Catholics of your city handled so splendidly.

Thanking you again, and with best wishes and kindest regards, I am

Faithfully yours in Christ,

FRANCIS C. KELLEY,
President.

TRUSTEES OF THE HIGH COURT.

The Trustees of the High Court have been active and zealous as heretofore in the performance of their duties in relation to the Emergency Fund and its investments.

The annual inspection of real estate upon which mortgages are held has been made and instructions given for improvements and repairs where necessary.

A revision has been made in rates of interest upon which mortgages have been held for many years by the Order, and

where a lower rate of interest than five per cent had been charged, all have been brought up to a 5% per annum standard. The Trustees have also exacted upon all mortgages where the time for payment of notes had expired, a substantial payment being made on account of the principal, which demand has been most generally complied with.

The past year has been a most favorable one for the purchase of Municipal Bonds as will be seen in the list of investments made during the year.

The Trustees have held fourteen meetings, most of which have been held during the working hours of the day, this being necessary on account of the requirement of at least two members being present in addition to the Secretary in obtaining entrance to the Safe Deposit Vaults where the Securities are kept, and my personal appreciation is hereby extended to brothers Burke, Wirth and Cochran, for the readiness with which they have sacrificed their personal affairs for the benefit of the Order.

The Securities contained in the private box at the Safe Deposit and Trust Company Vaults have been inspected by the Finance Committee and all were found to be intact.

A full and detailed report of the Trustees will be found on pages 33-35.

HIGH STANDING COMMITTEE.

The High Standing Committee has held during the past year 44 regular and special meetings, with an average attendance of 80%. In addition they have individually and collectively made 625 visits to 163 Courts. When we consider the attendance at meetings and making visits to Subordinate Courts as enumerated above, and the enormous amount of travel in consequence thereof, it will readily be seen, the great amount of self-sacrifice which the members of the High Standing Committee have made in order that our Organization will continue and maintain its proud position in the front ranks of fraternal insurance societies.

When our present efficient High Chief Ranger, Brother Edward N. Clancy, was installed into his position he adopted as his slogan, 40,000 members before the expiration of his term of office, and in his aim for the accomplishment of this result he has had the united hearty co-operation of all his associates on

the High Standing Committee, as well as the rank and file of members of the Order throughout the State, and in the history made for the year 1913 by our having received the largest number of applications and the largest number of initiations of any year since our Order was founded, speaks louder than words for the success for the year 1913, of our High Chief Ranger, the Governing Body, and the great wide-spread interest of the entire membership, and it is most confidently anticipated his great aim will be accomplished.

Our Order is now thirty-five years old. From its humble beginning it has grown to be of great State-wide renown. With this growth has come increased burdens and responsibilities. Let us so endeavor that when these responsibilities mature, by continued interest being manifested by all, they will be met in the future as they have in the past.

With sincere thanks to the members of the High Standing Committee, all officers and members of the Order, for their continued uniform kindnesses and courtesies extended, and trusting I may have been in some small way worthy of the same, I am

Fraternally yours,

DANIEL H. MAGUIRE,
High Secretary-Treasurer.

ANNUAL REPORTS.

The Annual Report submitted by each Subordinate Court is the official record of the Court, and the attention of officers and Deputy High Chief Rangers is called to the necessity of greater care being exercised in seeing that these Reports are absolutely correct before forwarding them to this office. The experience of the present year has been that many unaccountable errors have been made which required the returning of Reports for correction, all of which has caused delay in preparation of copy for this Report, which might have been avoided, had proper care been taken at time of Audit.

The financial and membership year begins January 1st and ends December 31st, and reports for year must contain only the records between these periods. The membership record must be complete as to initiations, resignations, suspensions, withdrawals and deaths, and officers of Courts must comply with the requirements of forwarding notices of initiations, resignations, suspensions and withdrawals, immediately after the meeting at which they occur. The financial statement must contain an account of all moneys received and expended, and the balance reported must account for all moneys on hand, whether in Mortuary, Emergency, General, Contingent, Building or Fund of any like nature.

TRANSFER TO RESERVE FUND.

On October 1st a transfer of \$6,000.00 from the General to the Reserve Fund was made and placed to the credit of the Trustees, in the Old Colony Trust Company.

NEW COURTS.

During the year 1914 two new courts of the Order were instituted; Our Lady of Grace Court, No. 257 was instituted in St. Francis De Sales' Parish, Roxbury, March 19 with 25 charter members, the average age being 34.4 years. Presentation Court, No. 258 was instituted November 19th, in Our Lady of the Presentation Parish, Oak Square, Brighton, with 17 charter members, the average age being 37 years. Our Lady of

Grace Court is composed exclusively of women and Presentation Court is of men. Both of these courts have many active and progressive young people in their membership and it is expected that they will materially increase their numbers in the near future.

SPECIAL AUDIT REPORTS.

Blanks for Special Audit Reports have been sent to the Chief Ranger of all subordinate courts, prior to the end of each quarter with request that they be returned to the headquarters as soon as the audit has been completed, and the fact that for the term ending Dec. 31st, no reports have been received from 111 courts indicates that the terms of Article 6, Section 1, Subordinate Court Constitution, are not being adhered to by those delinquent courts. Our contract with the Bonding Company stipulates the accounts of our financial officers shall be audited in accordance with the constitution and the failure to comply with this provision would have a tendency to invalidate the bond.

M. C. O. F. CHAPEL FUND.

At the annual conference of the Deputy High Chief Rangers held September 20th, a collection was taken up for the purpose of supplying vestments and sanctuary requirements for the chapel established at Puposky, Minnesota, dedicated to the memory of deceased members of the M. C. O. F. The sum realized amounted to \$62.60 which was delivered to our most Reverend Chaplain General, who expended the full amount on the required goods and the same were forwarded to Reverend John J. T. Philippe who has acknowledged receipt of them and his most earnest thanks and prayers for the donors.

SALEM RELIEF FUND.

On June 25th a most disastrous fire visited the City of Salem, in which City our Order has a membership of over 1000; the fire destroying that section of the City in which a great number of our members lived, many of them losing their all. Immediately our worthy late High Chief Ranger Buckley, called a meeting

of the High Standing Committee, Trustees, and Past High Chief Rangers who voted to send an appeal to all courts of the Order, asking assistance for our afflicted brothers and sisters. The response was most prompt and gratifying, a total of \$4,146.00 being forwarded to headquarters and a large amount of household furniture and wearing apparel which was sent to the M. C. O. F. Relief Headquarters in Salem. The distribution of money and other goods has been under the direction of a committee, representing Essex Court, No. 16, and Fr. Conway Court, No. 136. The amounts as contributed by individuals and subordinate courts are as follows:

BOSTON, March 1, 1915.

I hereby certify that I have examined the accounts of Daniel H. Maguire, Treasurer, Salem M. C. O. F. Relief Fund, and find the foregoing account correct.

JOSEPH J. FORRESTER,
Chairman Finance Committee.

M. C. O. F. LEAGUE FOR THE PROTECTION OF DELIN- QUENT CHILDREN.

On March 1st a letter of appeal for contributions to this fund was forwarded to all subordinate courts in behalf of this movement, which was inaugurated at the annual session of the High Court in 1912. The response to this appeal has been most generous, and the thanks of the most Reverend Directors have

IN MEMORIAM.

The entire Order was grieved to learn that on August 2nd our worthy High Chief Ranger, Cornelius F. Buckley, had suddenly passed away. Brother Buckley was first elected a member of the High Standing Committee in 1909 and had served in various positions until May, 1914, when he was elected High Chief Ranger. He had given of his time and energy unsparingly for the upbuilding of our Order. Faithful and self-sacrificing, he was anxious that his term as High Chief Ranger would compare most favorably with those who had preceded him. He was a firm and loyal friend, an ardent and devoted Catholic, a kind and loving husband and father. His untimely end caused a feeling of sadness among all who knew him. Our earnest prayers are that he has reaped the reward of a life well spent.

Following the death of High Chief Ranger Buckley, High Vice-Chief Ranger, Joseph T. Brennan, was elected to the position of High Chief Ranger, and the other members of the High Standing Committee were each advanced one position. The vacancy in the office of High Outside Sentinel was filled by the election of William J. Sullivan, Past Chief Ranger of SS. Peter & Paul Court, No. 15.

TRUSTEES.

The Trustees of the High Court have held 35 meetings during the year and have been active and zealous in safeguarding the funds of the Order and its investments.

The annual inspection of the real estate upon which mortgages are held, has been held and wherever repairs have been needed, instructions have been given to the owners to that effect.

The securities contained in the private box of the Safe Deposit & Trust Company, have been inspected by the Finance Committee and all were found to be intact. A full and detailed report of the Trustees will be found on pages 33-36.

HIGH STANDING COMMITTEE.

The High Standing Committee has held during the past year, 47 regular and special meetings, with an average attendance of 77%. In addition they have made 517 visits to 167 Courts. This in itself speaks of the self-sacrificing effort which the High Standing Committee has made for the upbuilding of our Order. The only recompense or approbation which they ask is that the Courts and members will co-operate with them to the end that our Order may go on in the future as in the past, increasing steadily in its membership and furnishing protection to its members at the minimum of cost and the maximum of security.

This report would not be complete were I to fail to express my appreciation to all members of the High Standing Committee and to the Order for their courtesy and kindness to me in the discharge of my duties, and my most earnest prayer is that I may have been in some measure deserving of the spirit which has been manifested.

To our High Chief Ranger, Joseph T. Brennan, the Order is indeed largely indebted for the splendid work which he has done. No call has been made too frequent and no distance too great for him to give his assent to go wherever he might do good, and to his marked ability and energy may well be accorded a great portion of the splendid progress made during the year 1914.

Fraternally yours,

DANIEL H. MAGUIRE,
High Secretary-Treasurer.

Julius J. Buck

ADDRESS OF REV. JAMES H. O'NEIL, LL.D., HIGH CHAPLAIN.

REPRESENTATIVES OF THE 36TH ANNUAL CONVENTION OF THE
MASSACHUSETTS CATHOLIC ORDER OF FORESTERS:—

Sister and Brother Foresters; Dear Delegates:

To-day we gather for our thirty-sixth annual convention. These recurring events give us an opportunity for a yearly review of the operations of our noble Order. Not, indeed, in the spirit of boasting or vain glory, but rather that by reviewing the past, we may take courage for the days to come.

Our past is assured, rich in good works, done for the glory of God and the uplifting of humanity. Our history points a way to further advancement on these lines. Lest we falter by the wayside, it is well that on one occasion in the year, we examine and pass in review and read again, our history of deeds well done. To God's glory, for the welfare of our brethren in the Faith, we have consecrated these good works. We would not despoil them of their merits, nor deprive ourselves of the wealth of grace which has come to us from them, but only to pass them in review, lest we forget; lest the coming generations shall fall short of the measure of zealously and the ideals which filled the minds and hearts of hundreds of loyal Foresters, who to-day constitute our Order triumphant, and are enjoying the reward that "no eye hath seen or ear heard, or that has ever entered into the heart of man to conceive."

Being a State and not a National Organization, our operations are bounded by the limits of the State of Massachusetts, and here we find the riches of golden Charity, Unity and Fraternity. What have we done? What are we now doing?

We have founded a scholarship in Brighton Seminary for the education of priests, thus insuring in perpetum a living exponent of our undying principles. We have built and equipped a chapel for the Catholic Church Extension Society, that we may bring the blessings of the Holy Gospel to regions remote, where otherwise the faithful would be without Mass or the Sacraments. We have affiliated with the American Federation of Catholic Societies, and brought our influence to bear on the burning questions of the day that affect so greatly the standing of the Church in this community. Yearly we are contributing to a fund to protect the Juvenile Catholic from Court records. Our various Courts are given six addresses yearly under the direction of His Eminence, Cardinal O'Connell, whose interest in our behalf is undying. Each Court has been a centre of education and edification. Here are delivered lectures by the Reverend Chaplains, cementing priests and people in the lasting ties of friendship, and where are pointed out to our members the high ideals of Catholic life, loyalty and truth.

Our financial status we view with pride and pleasure. In thirty-six years of existence we have expended \$5,235,160.00. During the past year we paid \$444,000.00. If we estimate that

each one thousand dollars paid by our society directly affects one Catholic family, we find that in the past year 2,200,000, and a grand total of 26,175,800 people have benefited by our noble Order.

Here I might pause, for surely such data is the eloquent history of our noble Order, and a grand tribute to our High Secretary-Treasurer, Daniel H. Maguire, to the disinterested men you yearly choose to constitute your High Standing Committee—to the prudence, thrift and sobriety of the rank and file of the men and women who comprise our more than forty thousand membership.

Here I would pay a tribute to our Past High Chief Ranger, Cornelius Buckley. For many years a member of the High Standing Committee he prepared himself for the position as our leader. Of a studious nature, a keen observer and a natural leader of men; a man of congenial companionship, he drew all to him. His life's labor was for Catholic Forestry. In dying he bequeathed to us all a noble legacy of zeal, of love of labor for our Order. Long may his spirit of unselfishness guide others of our leaders in their noble work. He was a man among men; a Catholic among Catholics, and his voice and acts always rang true. A loving, companionable, fellow Forester. To know him was to love him, to name him was to praise. God called him. (*Requiescat.*)

During the past year we have inaugurated the holy custom of a yearly Mass for our deceased members, and have set apart a special Sunday when the members of each Court shall receive Holy Communion in a body. I am pleased to note that these regulations have been universally observed.

In conclusion I will quote for you the words of His Eminence, William Cardinal O'Connell, the spiritual head of the great Diocese of Boston, whose masterly, directing mind has brought to our organization a live, active interest, which operates to the good of all.

He said at a recent Convention in Faneuil Hall:

"Your Order is managed and directed by sensible and practical men, and there can be no greater proof given than in the present standing of your society. Its growth in material prosperity, its growth in security, in the character of the membership; its growth in its noble position in the State. Each step it makes forward means an advance in spiritual and temporal happiness of

our Catholic community. I wish every Catholic in this State who possesses the necessary qualifications, would give their names and yearly contributions as members of the Massachusetts Catholic Order of Foresters. This organization has a sound and safe basis; it is no idle dream; no mere Utopia. It is the practical working out of a sensible plan whereby the spiritual and material welfare of each of you is fathered and fostered. You have the Church to guide you and honest, sensible men to lead you. Be true to your principles as Foresters and you cannot go astray."

The late eloquent utterances of His Eminence are inspiring. Loyalty to our President; Loyalty to our Church; Loyalty to God and to Country are key-notes of Catholic principles.

"Be true to your principles." Never was there a time when the advice was more necessary. The Cardinal realizes this perhaps better than any of us, and he bespeaks on our part the loyalty of the true sons of the Church and of this community. He demands honesty, morality and the conscientious living of all. Never was there a time in America's Catholic Church History when such virtues were greater necessities, or more in demand than at present,—our guiding principles of Faith, of Unity, of True Christian Charity. Unity of Faith bringing us in a body to God's altar, when Unity of Sacrament and Sacrifice weld our hearts as one. Unity of Charity finds external manifestations in the numberless acts of alms-deeds and philanthropy which gild the pages of our history for thirty-six years. Unity of action and unity of thought have blessed our endeavors and unity of love has consecrated them.

Be loyal Foresters!

Be loyal to the promises you have made and your endeavors will win the approval of your ecclesiastical superiors and the blessings of the Living God.

May the spirit of wisdom guide your deliberations this day. Let moderation and charity be your guides, to the end that each delegate may take to his home Court an incentive and an inspiration to greater, higher and nobler deeds.

The High Chief Ranger instructed the High Conductors to escort Past High Chief Rangers Fennessey, Cronin, Bonning, Harrigan, Duggan, Dignam and Clancy to the platform.

Brother Lanigan of Cathedral Court, No. 1 reported as follows for the Committee on Credentials: "The Convention when complete is entitled to 800 delegates, representing 240 subordinate courts. We have at present the Credentials of 640 delegates representing 200 Courts, and the Committee is pleased to report there are no contests." On motion of Sister Margaret E. Leahy of Alma Mater Court, No. 114, duly seconded, it was voted the Committee's report be accepted as a report of progress.

ADDRESS OF
JOSEPH T. BRENNAN, HIGH CHIEF RANGER.

TO THE 36TH ANNUAL CONVENTION OF THE MASSACHUSETTS
CATHOLIC ORDER OF FORESTERS:—

My dear Sisters and Brothers:

One year ago the High Court met at Springfield and the representatives there assembled unanimously chose from their number, as the one whom they thought most worthy to bear the title of High Chief Ranger, our late lamented brother Cornelius F. Buckley. After years of sacrifice and labor well performed in the service of this great Organization, he consented to accept and we were only too willing to give into his hands the symbol of authority and the right to govern the Order, which he had done so much to bring to its present state of perfection. 'Ere ten weeks had passed we bore the body of our chosen leader to his grave. Without warning, he was called from our midst by that mysterious exercise of God's will, to which we meekly bow in submission and sorrow. May his soul rest in peace. Many tributes have been paid to his memory by those who knew and loved him, and appropriate action will doubtless be taken at this Convention to record our grief and sense of appreciation of the loss we have suffered.

On the third day of August last, your High Standing Committee, in accordance with the provisions of the Constitution, elected as the successor of him whom you had chosen the one who submits this report.

A review of the financial condition of the Order, and its growth during the year just closed, will be found in the report of the High Secretary-Treasurer, and I request that careful study be given to that report not only by the representatives, but by the members of all subordinate Courts. I trust that attention will also be given to the report of the High Medical Examiner, for upon the careful examination of applicants depends the stability of the Order. The facts and figures given are instructive.

The kindly and ready assistance rendered by His Eminence, William Cardinal O'Connell, by the Right Reverend Bishops of the dioceses of Springfield and Fall River, by the Chaplain-General and the Spiritual Directors of the subordinate Courts, as well as the kind words spoken in behalf of the organization by the clergy in all parts of the Commonwealth, have been of inestimable value to our Order and contributed largely to its growth and prosperity. May we ever merit the same confidence and win the same approval from our ecclesiastical superiors.

The Deputy High Chief Rangers have performed their duties, with but few exceptions, faithfully and to the satisfaction of the High Standing Committee. It is not an easy matter to select two hundred and forty men and women having the qualifications necessary for the position of Deputy. Changes are made from year to year for the good of the Order and new appointments must be made so that we may not only reward Chief Rangers for services rendered, but at the same time endeavor by new control and leadership to keep burning brightly the fires of an enthusiastic membership. Only one Court has been instituted since the last Convention, namely: Presentation Court, No. 258, at Brighton. At the time of writing this report the matter of instituting several other Courts is under consideration. Undoubtedly there are many cities and towns where there ought to be Courts of our Order, but we need the assistance of persons living in those particular cities and towns to ensure success after the Courts have been instituted. Experience has shown that it is unwise to establish subordinate branches of a fraternal order unless assurance can be given by responsible people that the interest manifested before will be continued after such branch has been formally brought into existence.

We appreciate the work of the many Degree Staffs whose assistance at Installations and Initiations contributed largely to the success of these impressive ceremonies. As the number of public Installations increase from year to year, the expense to the Order for services rendered and cost of travelling by staffs also increases. Personally I believe that when a staff is assigned at the request of a Court or its Deputy the Court should bear part of the expense.

There have been many Class Initiations during the year, and without exception they have been successful. At most of these Initiations the members of the High Standing Committee conferred the degrees,—an added burden to the many duties now imposed upon that Committee. It is well to encourage a continuance of these classes, but the members must exercise the same degree of caution and discrimination in proposing candidates at such times as they do under ordinary circumstances. The average age of candidates should and could with the proper effort be under thirty years.

In October last forty thousand circulars and application blanks were printed and sent to the subordinate Courts with the request that one of each be mailed to every member on the roll. You are all familiar with this circular. It contained the promise of certain awards to the Courts and members presenting applications. The response was very gratifying and the records of applications for the months of October, November and December stand out conspicuously. I believe that within certain limits the awarding of prizes for increase in membership is a practice which we may continue with profit to the organization.

The response to the appeal for the Salem Fire Sufferers was most generous, and the work of our members in relieving distress caused by the fire was highly commended by all who were familiar with conditions. Again the opportunity was given to spread on the pages of our history a record of an act of True Christian Charity.

During the year we again contributed a sum of money to the Catholic Church Extension Society, and through the efforts of our Order many individual donations have been made to this most worthy organization.

The reports which have been submitted by the Reverend Directors of the Catholic Charitable Bureaus show a marked advance in the work accomplished for delinquent children. In this connection I beg to call the attention of the representatives to the fact that the whole Order is pledged to assist in this great work. The members of every Court, irrespective of location, ought to be willing to contribute a little money yearly to the fund, and I hope that inquiries will be made by the representatives upon returning from this Convention to their respective courts in regard to contributions for this cause. If the name of your court is not on the list printed on pages 17 and 18 of the High Secretary-Treasurer's Annual Report your duty is plain, and I feel confident that a proper remittance will be received at headquarters within a few days.

For many years the Order has been affiliated with the American Federation of Catholic Societies and the wisdom and effect of such affiliation was demonstrated in a marked manner within the past few months. Certain petitions for the passage of laws were presented to the Massachusetts Legislature which were, to say the least, insulting to the Catholic people of the Commonwealth, and the argument of those who favored the passage of these laws resolved itself into an attack upon the Roman Catholic religion and the people who profess that faith. Acting in conjunction with the Federation and on behalf of this Order, members of your High Standing Committee appeared before the Legislative Committees and recorded its vigorous protest to the false charges, and replied to the attacks upon our faith and our people. The bills were defeated.

I earnestly recommend the affiliation of the subordinate Courts of our Order with the local branch of the Federation of Catholic Societies in those counties where the Federation is established. In the counties where Federation is not already an established fact I hope that if an opportunity is presented of forming a branch

that the members of our Order will do all in their power to assist in the growth and strengthening of this great movement which means so much for the Catholics of this country. The Federation is a power for the Nation's good and the glory of God. We should strive to fulfil the wish of the late Holy Father, Leo XIII, who said "May the faithful unite their efforts more efficaciously for the common good, and may their union rise like an impregnable wall against the fierce violence of the enemies of God." Never in the history of this country have the Roman Catholics ever needed to "unite their efforts against the fierce violence of the enemies of God" than this very day.

The loss by death has been, as expected, greater than ever before. The loss by suspension is also a subject for serious consideration. Among the causes for the latter, the insistance for a strict adherence to the Constitution and the existing industrial conditions are undoubtedly prime factors. The laws should be obeyed. If they are not applicable to present conditions the remedy is to change the laws. But until changed every Court officer should respect and obey as he pledged himself to do upon assuming office. In worthy cases of sickness or distress members should not be allowed to suffer the loss of their insurance. But we must be constantly on guard so that the strong shall not impose upon the weak. And in the campaign for new members we must not forget that the retaining of the present membership is just as important as the acquisition of new names upon our roll.

The provisions of the Constitution relating to trials by Arbitration Courts for alleged offences against the laws of the Order were not intended to cover cases of personal disagreements between individuals. The demand for trials on matters trivial in their nature, resulting many times in expense to the Order and the creation of a partisan spirit of antagonism and ill-will that should not exist, ought to be discouraged and discontinued. No useful end is attained by arraying members into hostile camps, each striving to defeat the others. We should endeavor to increase, not destroy, the fraternal feeling between members.

Our Order is now entering upon its 37th year, the oldest and largest of Massachusetts Catholic fraternal insurance societies. Its history shows that charitable works and deeds have taken the place of lofty pretensions and assumptions so common in societies of the age. [The future no one knows, but we can now formulate plans in view of the conditions that are presented, and trust to the loyalty, integrity and wisdom of the members for the faithful consummation thereof. All fraternal societies are now passing through a critical period in history. Changes in rates forced either by state legislation or financial difficulties within the organizations have raised havoc with the membership of our contemporary societies. It behooves us to take warning from the wrecks that are strewn along the shore of indifference, inefficiency and neglect. There are members, some high in the councils of our Order, who strive to convince themselves and others that there are extenuating circumstances which will relieve us from the visitations of normal experience. A false sense of fancied security caused by sentimental, short-sighted and unsound arguments, ignoring facts and figures, the truth of which cannot be doubted, influences their judgment on matters vital to the future of this Order. It is, therefore, incumbent on the progressive members, those who are building for the future, to try to harmonize the present with the future order of things. A chain is no stronger than its weakest link and when a weak link is found, immediate action must be taken to preserve the integrity of the whole. Two years ago, after an exhaustive examination of our books and a computation by the Insurance Commissioner of this Commonwealth of the amount of money required in the future to pay all probable losses, we passed a vote by which the payment of two dollars yearly from each member was guaranteed for the Emergency Fund. This was strenuously opposed by some, but it was a step in the right direction and has since been almost universally acknowledged as wise and prudent. To-day you will have presented for consideration and action an amendment to the Constitution which, if passed, requires as one of the qualifications for entrance that the applicant shall be under the age of forty-five years. The reasons for this change will be given on the floor of the Convention and, because of the public nature of this report, will not be stated herein. But I must not refrain from saying that after a careful and exhaustive

study of the matter, I advise the passage of the amendment. We should not promise that which we cannot fulfil, and the figures that will be submitted ought to convince you, if anything will, that a mistake has been made in the past which should be remedied now, so that our future may be made more secure.

The fraternal society has a wider field than the mere furnishing of insurance protection to its members. It should be a powerful influence for good in the community. Our Order, because of its large membership, all of one faith, the representative men and women within its ranks, and the opportunity afforded for moral, social and industrial advancement through union and co-operation, must not lag behind in the march of progressive action. If the members of our Order stand together, they form a strong and compact body,—they are in a position to accomplish things worth while. I personally believe that the subordinate Courts of our Order may well take an active constructive interest in civil affairs and in non-partisan political movements; but I want to emphasize the word “non-partisan,” because if we overstep the bounds of propriety in this regard nothing could be worse for the general welfare of the organization. There are many things of value which as citizens may be discussed and acted upon at our meetings. Proper discussion broadens the viewpoint of all, causes each member to appreciate the reasons for the belief of others and develops better citizens. We are all dependent upon one another in this great Order, and our confidence in each other has made the organization what it is to-day. If the same principles were carried out the world over, wars and threats of war would be a thing of the past. To-day, because of lack of confidence and dependence, practically all Europe is at war. To-morrow it may be that our national honor will demand that we, too, shall add our forces to the conflict. We pray that this may not come to pass and that the horrors of war may not be visited upon our people. But come what may, we shall, as good American citizens, irrespective of our political and personal belief, loyally support our chosen representative, President Wilson, in the firm stand which he has taken in this crisis on behalf of all humanity.

This Order has been exceedingly fortunate during its entire history in selecting men for its governing board who possessed

rare ability, sterling character and willingness to sacrifice much more than was expected from them as officers. The organization has in turn been loyal to its leaders, and we must continue to have faith and confidence in those who are placed in positions of power and trust. It is incumbent upon us to cherish and strengthen the ties that bind us one to another. Each one must appreciate the duty as well as the privilege that devolves upon the officers and members and we should perform our duties as cheerfully as we accept the privileges and benefits.

For ten months I have had the honor of bearing the title "High Chief Ranger." The support afforded to me each day by my associates on the High Standing Committee has been such that I am not personally deserving of any commendation for the splendid results achieved during that period. Each one has borne a fair share of the burden and is worthy of praise and heartfelt thanks. I have endeavored to advance the interests of the Order and its members, but have not accomplished all that I desired. There is much yet to be done and will always be in carrying out the ideals and the purposes of our beloved Order. I trust that the account of the stewardship which I have rendered is acceptable to you and that you may never have cause to regret the fact that I was once your High Chief Ranger.

On motion of Past High Chief Ranger, Daniel A. Cronin of St. Joseph Court, No. 11, seconded, by Brother Michael J. Shannon of Williams Court, No. 19, it was voted that a Committee of seven be appointed by the High Chief Ranger, to prepare and present to the Convention, Resolutions on the death of our late High Chief Ranger, Brother Cornelius F. REPORT OF HIGH MEDICAL EXAMINER,
FRANCIS J. HANLEY, M. D.

AT THE THIRTY-SIXTH ANNUAL SESSION OF THE HIGH COURT OF
THE MASSACHUSETTS CATHOLIC ORDER OF FORESTERS,
WEDNESDAY, MAY 26, 1915.

LADIES AND GENTLEMEN:

That this report of the High Medical Examiner which the established custom of our Order requires, may receive your careful and earnest consideration is my sincerest wish.

Not lightly should the passing of the year be viewed, for in the passing of one single year may be found changes that will hold the interest of every well-wishing and active member of our organization.

The tables embodied in this year's report supplementing those of our High Secretary-Treasurer, are fraught with meaning to each and all, and are submitted as the vital history for the year just closed.

DEATHS IN 1914, CLASSIFIED BY DISEASES AND AGE AT DEATH

Continued.

[illegible]

Our death rate in members less than two years in the Order is smaller than in 1913. This year we have had eighteen deaths in this Class.

EARLY DEATHS.

	Men	Women	Total
Acute Tuberculosis.....	3	1	4
Cancer.....	1	1	2
Apoplexy.....	0	1	1
Inflammatory Rheumatism.....	1	0	1
Meningitis.....	1	0	1
La Grippe.....	1	0	1
Pneumonia.....	2	2	4
Accident.....	4	0	4
	13	5	18

Four of the deaths recorded in the above table were caused by Accidents. Four were caused by Tuberculosis. Three of these were in members nearly two years in the Order, and the fourth was that of a man twenty-seven years of age, a member of the Order about eight months. The cause of death was Tuberculosis of the Jaw. So rapid was the progress of the disease that death occurred in less than six weeks after the initial symptoms.

The remaining ten deaths in this class were satisfactorily accounted for by the special reports rendered by the local Medical Examiner, and details are on file in the office.

REJECTIONS.

During the year 1914, 3,423 applications for admission to our Order were received. Of this number 465 were rejected for the following reasons:

	Men	Women	Total
Personal Condition.....	38	41	79
Diseases of Heart.....	42	35	77
Doubtful Statements.....	26	32	58
Family History.....	24	21	45
Over or Under Weight.....	7	37	44

	Men	Women	Total
Age Above Limit.....	15	24	39
Diseases of Kidneys.....	18	15	33
Diseases of Lungs.....	7	13	20
Hazardous Occupations.....	12	0	12
Personal History.....	3	6	9
Alcoholic Habits.....	6	1	7
Doubtful Risks.....	4	5	9
Refused to Complete Examination...	6	2	8
Arterio Sclerosis.....	4	5	9
Hernia.....	5	0	5
Bronchitis.....	3	1	4
Not Vaccinated.....	2	1	3
Non-Catholic.....	2	0	2
Diabetes.....	1	0	1
Time Expired.....	1	0	1
Total,	226	239	465

Our lists of rejections and causes are very similar, it will be noticed, to that of other years. As usual the lack of interest displayed by investigating committees is worth special mention, as out of the total 465 rejections only two were caused by special reports of the members who accept the solemn duty of honestly reporting on the fitness of the applicant.

Despite the special care exercised by this office, a few members are gaining admission each year that should not be admitted, thereby causing an unnecessary increase in our death rate.

We demand that those who seek the protection of our Order must have the necessary qualifications for membership to receive it, and the duty of every member in this regard should be clearly understood.

By the sudden death of our honored High Chief Ranger, Cornelius F. Buckley, your High Standing Committee and the whole Order lost a good counsellor, an earnest worker and a true Forester. Personal and intimate association with him for several years gave a clear insight into his splendid character, his whole-souled devotion, and his constant efforts to help encourage and uplift his fellow-men. We can but recall his many labors, and earnestly pray that his efforts here for us all may bring him that

reward which is due him, of whom we can say in all sincerity, "Well done, good and faithful servant."

The passing of the year 1914 places one more year of success to the credit of our Order and worth the confidence inspired by the fruitful labors, gives every assurance of future success.

Our attitude must be one of vigilance and alertness, eager to embrace those things that go to insure the prosperity of our great Order, but firm to repel and exclude whatever is of doubtful and questionable value. This is the policy that the Medical Department has been trying to promote, the only one that will pay, and the one which, when scrupulously carried out, will become the very cornerstone of the Order's prosperity. When the members of the Order, co-operating with the Medical Department, do their duty,—then the future of the Order will be secure.

Respectfully submitted,

FRANCIS J. HANLEY.

On motion of Brother Patrick Greehy of Emerald Court, No. 53, seconded by Brother Jeremiah J. McLaughlin of Cheverus Court, No. 6, it was voted that report of the High Medical Examiner be accepted as printed.

ADDRESS OF

HON. JAMES M. CURLEY, MAYOR OF BOSTON.

Mr. Chairman, Reverend Father, Sister and Brother Foresters:—

It is a very great pleasure as the fourth Catholic Mayor of Boston to welcome here the Massachusetts Catholic Order of Foresters. Sometimes we are prone to be a little bit pessimistic with reference to the material progress that we are making as a representative element in the American population. But there is no way that we can justify a spirit of pessimism. We have made spiritual progress of a more lasting and permanent character in this land than the representatives of any other faith, and if our spiritual progress is founded on a solid basis then we need have no worry as to the material progress. This organization and similar fraternal bodies are the great melting-pot where is made possible the broadening of the mind, the interchange of ideas, the development of the intellect, the development of the individual, that makes possible progress for the entire people. Some people perhaps view with some degree of dissatisfaction the history in Catholic Boston of the Catholic people. They marvel, perhaps, at the fact that while Boston has been a city since 1822, but four Catholic men have been permitted to serve as Chief Executive of the City during that time. But we should not feel discouraged. We are in the majority, and, thank God, the only thing that to-day the Catholic citizen asks of the Catholic Chief Executive is that his hands be clean, that his purpose be above suspicion, and the ideal that he represents in public office is in keeping with the teachings of his Catholic faith. And the perpetuation of that ideal, and a strict and a firm adherence to these principles must of necessity pave the way for higher and greater honors for the Catholics who come hereafter. We should not feel discouraged because in the history of Massachusetts since 1783 there has been but one Catholic Governor. We should rather, on the other hand, feel elated that he who now serves as Chief Executive of this Commonwealth is faithful in the highest possible degree to the best traditions of all that he represents in race and faith. It perhaps is of benefit to us to allow our minds to wander back, or to read the early history of our Commonwealth when it was the Massachusetts Bay Colony, and remember that in 1646 they hung an old lady charged with witchcraft on Boston

Common because she could not recite the Lord's Prayer in the English language, but only in Gaelic; that in 1664 they passed an Anti-Jesuit Act which provided that if one landed on these shores he should be banished, and that if he returned, even if in consequence of shipwreck, that he should be executed. And when you consider this you will realize we have made progress in keeping with the spiritual progress of the Catholic people in this great Commonwealth.

It is fitting that your organization should convene within this building known as Convention Hall. It is a building that is unique among Massachusetts institutions, a building whose architecture with its magnificent buff and blue, with its old-fashioned Colonial windows, with everything that bespeaks the past, yet stands as a monument to human progress, to the progress made since 1783, a fitting monument and one that is unique among civic monuments in the United States of America. We should never forget that it required 1783 years of human progress to destroy the theory of the divine right of kings to rule, and to create a condition under which all men and women were equal. It required a great Civil War to make possible the extension of the privileges of liberty, and despite the fact that we have been in enjoyment of civil and religious liberty since 1783, it required 100 years of freedom to make possible equality for the toilers in this land; and America, like the old Commonwealth of Massachusetts, like the City of Boston, all stand for the same great ideal, an ideal of service to humanity, and he only is useful to civilization, or to his City, or to his organization, that serves with all the power, with all the zeal, with all the energy, with all the ability that God has given him. And your organization with its annual report submitted by Rev. Father O'Neil discloses the fact that in one Commonwealth of the U. S. A. through the instrumentality of this Organization material aid has been extended to 2,200,000 human beings. What a tremendous record of human service! What a great asset to the great Commonwealth of Massachusetts! It is only fitting that we should welcome you here and extend to you our most heartfelt wishes for a successful convention and for a successful future as a useful adjunct to human society in the Commonwealth of Massachusetts. Personally, I am a supreme optimist as to the future of America and the presence of this tremendous gathering here to-day

sufficient in itself to make any member of the Massachusetts Catholic Order of Foresters a supreme optimist as to the future of this organization. We find to-day the people of America assembled in peaceful convention, planning the pursuits that are common to peace, prosperity and happiness, that are essentially American. We find the whole world on the other side of the Atlantic practically engaged in war; and we find in the office of the Chief Magistrate of the Nation the same type of character that made possible the liberty of the American people, that made possible the keeping of the Union whole; and I know of no better service that we, as Catholic citizens of Massachusetts, can do the Nation, or the World, than to pass before the adjournment of this Convention, a resolution expressive of our confidence, our respect, our admiration for that great, magnificent type of leader of American thought, the Honorable Woodrow Wilson, President of the United States. Let us say to him in the name of the Catholics of Massachusetts, "We have confidence in you, sir; we appreciate the line of demarcation which marks the line of duty, which marks the line of true American citizenship; we sympathize with you in your hour of trouble, join with you in the upholding of American principles and American ideals for the best service to humanity."

Brother William P. Hayes of Father Sherry Court No. 251, in a masterly tribute expressed the gratitude of the Convention to Mayor Curley for the lofty and patriotic sentiments which he had expressed and suggested that later in the proceedings, action would be taken in the adoption of Resolutions pledging to President Wilson the confidence of the Order for the manner in which International problems were being conducted.

The High Chief Ranger announced that the regular order of business would be resumed, the nomination of candidates for office being in order.

For High Senior Conductor, Brother William P. Hayes of Fr. Sherry Court, No. 251, presented the name of Brother James H. Benson of John J. Leonard Court, No. 238, seconded by Brother Patrick J. WHEREAS THE ALMIGHTY in His wisdom and love has called our beloved Brother Cornelius F. Buckley to a higher and better life, we bow with humble submission to His Divine Decree and will give expression to our bitter loss and send words of cheer and sympathy to his beloved wife and children.

THEREFORE BE IT RESOLVED,

First, that in the death of Brother Buckley the world loses much of true worth, and the Massachusetts Catholic Order of Foresters a Brother worthy of unstinted praise.

Second, That the High Standing Committee has lost a member whose place is hard to fill; a true, worthy man and an honest Christian.

Third, That we tender his sorrowing family our heartfelt sympathy and unite with them in cherishing the memory of one who was a loving father and a faithful companion.

Fourth, Resolved that a copy of these Resolutions be inserted in the minutes of this Convention. Also a copy be sent to his sorrowing family.

Blessings and Good Wishes of His Eminence, William Cardinal O'Connell.

Reverend Father O'Neil conveyed the blessing and hearty wishes for the welfare of the Order to the Convention, of His Eminence, William Cardinal O'Connell, whose many duties had prevented his being present at our exercises to-day.

The High Chief Ranger presented to the Convention, Reverend Father Scanlan, Director of Charities of the Archdiocese of Boston.

ADDRESS OF REV. MICHAEL J. SCANLAN.

"It has been a matter of great satisfaction to me to be here this afternoon. Your presiding officer was kind enough to tell me I might speak two hours ago, but I said, 'No,' and I am indebted to you and indebted greatly for a really splendid time and an intelligent presentation of ideas on the part of every one of you, and I appreciate the advantage of being here. Of course you understand my main purpose is, in a very few—but very sincere words—to thank you from the bottom of my heart for the interest which your society is taking in the great work for the protection of our delinquent Catholic children. We told you three years ago there were so many of our boys and girls as charges on the city and state that it was humiliating, and we asked you to reduce that number and said that it would be to your eternal credit. I am able to say to you to-day that there are fewer

Catholic children as wards of the city and state, and fewer Catholic children in the institutions of the state, than there have been for the past 25 years. I am able to say to you that for the past two years the number of boys and girls that have been committed to the state as wards is less than fifty per cent of the total number of commitments, when it was sixty-six per cent three years ago. I am able to give you the astounding information that in Boston alone, 'that is seventy-eight per cent Catholic,' less than one-half of those children committed last year were Catholics. There is nothing like figures to prove your case. Now, if you support this movement, stand back of it, each Court give its reasonable allowance and enable us to continue the work. In five years I think the number of Catholic boys and girls committed will be so negligible as to be an indifferent matter. In Boston at present we have eighteen agents constantly on the job in connection with every parish in the diocese. Every Juvenile Court in the city is covered. I have come here primarily to lay before you facts and to thank you for your support. All I ask is this; that every Court give just as much as you possibly can to this movement, and it will be to your eternal credit in the years to come."

Reverend Father Scanlan also submitted report of Rev. Daniel F. Tully, Director of Charities of the Diocese of Springfield, as follows:

Beaven-Kelly Home, Holyoke, Mass.
May 22, 1915.

MASSACHUSETTS CATHOLIC ORDER OF FORESTERS:

My dear friends:—

In submitting my report for the year ending May 1, 1915, I wish first of all to thank the Courts in the Springfield Diocese who have so generously contributed to the Delinquent Fund.

Our work of supervising the juvenile courts has been continued along the same lines as the previous year. There are thirty juvenile courts in the Springfield Diocese; these are supervised by twelve priests whose duties are to get in touch with the boy or girl in court, to obtain their history which later is reported to their pastor through the Diocese Bureau, to recommend probation whenever possible, otherwise to try and place the child in a Catholic institution.

If the child is probated the pastor is asked to take a special interest in the probationer and to send to the bureau a monthly report of the child's conduct for the first three months. Afterwards he is requested to send similar quarterly reports for the rest of the year. In this way the child is under the supervision of his pastor for a year.

As regards the commitments to the state institutions, the past year has been a hard one for many reasons but no boy was allowed to go to Lyman School who could be kept in a Catholic institution or whose home was a proper one. There are some children who must be under state control until they are twenty-one.

As the work progresses we are confronted with the truth of the responsibility of the parent. One probation officer has stated that in two-thirds of the cases which have come under his charge the parents were to blame; I think he has placed the percentage low, if these children were considered from a religious standpoint the percentage would go above ninety. In most of the cases supervised by the Bureau the parents were responsible for the boys' condition and in nearly every case where the boy went to Lyman School the home of that boy was hopeless.

There were only girls who were sent to Lancaster from the Springfield Diocese, of these three had already been tried at the House of the Good Shepherd.

There is a kindred work in which the Bureau has interested itself; the supervision of the boys and girls committed to and discharged from the State Industrial Schools. We endeavor in every case of discharge to acquaint the pastor in whose parish the child is placed, either directly, if in the Springfield Diocese, or through the Diocesan Supervisor if placed in another diocese. The trustees of the state industrial schools are willing to co-operate in this matter and will furnish us with lists of children who come under their care.

The supervision of the boys and girls who leave our state institutions is necessary both for the spiritual welfare of these and also as a precaution to the boys and girls who are associated with those discharged from these institutions. These boys and girls leave the institutions well disposed to live a good life and will do so if the Church gets in touch with them at once. But if they are neglected and suffered to relapse into their former habits they become a menace to the neighborhood.

In closing I would exhort the Foresters to put more personal service into this delinquent work. We all have a right to do good to our fellow-man and we should seize every opportunity to lend a helping hand even though we may not be on any committee or have not been asked to do so by our pastor.

The total number of cases investigated in the Diocese of Springfield was 518. Of this number 30 boys were committed to the Lyman School for Boys and four girls were committed to the Lancaster School for Girls.

In order to bring this work to success lay co-operation is needed and, if offered with tact will always be acceptable.

Again thanking you and wishing that God will send you many blessings, I am,

Sincerely yours in Christ,

DANIEL M. TULLY.

On motion of Brother Joseph A. Sheehan of Cathedral Court No. 1, it was voted that we heartily commend the splendid work of the Charitable Bureau in connection with the protection of Catholic children and in convention assembled pledge the continued financial aid and assistance to the Reverend Directors of Catholic Charities in the Commonwealth of Massachusetts, in prosecuting the sublime work in behalf of the delinquent child.

Brother William P. Hayes of Father Sherry Court, No. 251, who has served continuously as a member of the Committee on Constitution for the past sixteen years expressed his intention of terminating his service on the Committee and tendered a word of caution for the years to come, wherein there might be problems of great importance relative to the insurance of the Order confront the Representatives in future Annual Sessions assembled. He stated he did not know whether the action taken to-day reducing the age limit of admission was right or wrong, but was of the opinion that the action was wrong. However, as a true and loyal Forester he bowed to the will of the majority, believing that time would tell whether the action taken was for the best interests of the Order or otherwise. Brother Hayes expressed a deep appreciation for the many courtesies which had always been extended to him and hoped that the successful history which the Order has made in its thirty-six years of existence would presage the history which would be made in the future.

On motion of Past High Chief Ranger, Brother Edward N. Clancy of Charles River Court No. 55, seconded by Judge Joseph A. Sheehan of Cathedral Court, No. 1, it was voted that a rising vote of thanks be tendered Hon. William P. Hayes for the splendid work he has done on the Committee on Constitution, from which he has just announced his retirement, and a sincere wish that he may reconsider his announced intention.

Brother Joseph A. Sheehan in seconding the motion said,—“I do not understand that Brother Hayes has made any such suggestion, but I have a fear now, that he did, and lest Brother Hayes might be disposed to carry into effect the fear that is in my mind I desire to say this word. There is not a man in this great organization of ours, I do not care who he is, what part of the Commonwealth he comes from, or how long he has been in the Order, that has rendered more conspicuous, able and well directed service than the man who has been Chairman of the Committee on Constitution for several years. No man has given to the problem of Constitutional Amendments more serious thought, more conspicuous ability and more of a desire to do that which is best for the strength and stability and perpetuity of this great organization of ours, and I feel constrained to say this word, notwithstanding the fact that he is modest and is present, only that if there is any lurking desire in his mind to retire,—that he may not do so. I think it would be one of the decided losses that could come, were that splendid, brilliant type of manhood and Catholic Forester to retire from that Committee and I hope he will cherish no such desire.”

REPORT OF COMMITTEE ON STATE OF THE ORDER.

Past High Chief Ranger Cornelius M. Duggan of Neponset Court, No. 180, Chairman of Committee on State of the Order, to whom was referred the Report of the Finance Committee reported as follows:

The recommendations of the Finance Committee are substantially in accord with those of previous years and approved by previous Conventions of the Order, and we recommend their adoption as made as follows:

That a per capita assessment of seventy-five cents (\$.75) be levied for the year 1915-1916.

That the salary of the High Secretary-Treasurer be Thirty-six Hundred Dollars (\$3,600) for the year 1915-16.

That the High Secretary-Treasurer be allowed Four Thousand Two Hundred Dollars (\$4,200) for clerical hire for the year 1915-1916, under the supervision of the High Standing Committee.

That the Finance Committee be empowered to employ an expert accountant, if in their judgment the best interests of the Order require it, under their supervision.

On motion of Past High Chief Ranger Cornelius M. Duggan of Neponset Court, No. 180, seconded by Brother Frank J. Kodad of Benedict Court, No. 39, it was voted that report of Committee on State of the Order be accepted and adopted.

The Committee on State of the Order reported recommending the acceptance of the Report of the Trustees. On motion of Brother John McGrath of St. Jarlath Court, No. 75, seconded by Brother Francis J. McKinney of St. Columbkille Court, No. 65, the report of the Committee was accepted and adopted.

Past High Chief Ranger James Dignam, for the Committee on Revision of the Ritual, presented the following report:

REPORT OF COMMITTEE TO REVISE RITUAL.

To the members of the Annual Convention of the Massachusetts Catholic Order of Foresters:—

At the last Annual Convention of this Order among other matters recommended in the annual address of High Chief Ranger Edward N. Clancy was the following:

“That a committee of five be appointed to revise the ritual.”

The Convention adopted the recommendation.

The Committee having been appointed, was called together, April 11, 1915, and beg leave to submit the following progressive report:

The Committee, after organizing, discussed several changes which they thought should be made in the ceremonies which are now carried out in the meetings of the Courts, especially the opening and initiatory work, but decided the time was too short before the Convention to undertake so important a task as the revision of our ritual and have it in shape to be passed upon.

The Committee, therefore, would ask for further time, or that a new committee be appointed, if the Convention saw fit and immediately set at work in order that it might be able to complete something definite to be presented or exemplified at the next Annual Convention.

The Committee would recommend that when members are entering the Order, the present initiatory ceremony be shortened and simplified; that it consist only of the obligation and instruction in members' financial requirements, this to be given by the Chief Ranger.

The reason for this is that in many Courts our present ceremony of initiation is carried out in a halting and clumsy manner, and candidates receive unfavorable impressions in relation to the importance, usefulness and seriousness of the work of our great Order.

Then, afterwards, at stated intervals throughout the year in different cities, localities or districts designated by the High

Standing Committee, a more elaborate ceremonial be arranged and carried out, exemplifying our work and principles, and the initiation of the candidates be finished in a fitting manner.

This ceremony should be performed by a staff or members especially chosen in the different localities for their fitness and ability.

In this way special events could be arranged for initiatory work, which would have a tendency to interest and bring members together more often and be the means at the same time of impressing most favorably our new members with the work we are engaged in.

Therefore, this committee would respectfully suggest that the Convention take action and give definite instructions in the matter.

Respectfully submitted:

JAMES DIGNAM,
STEPHEN J. O'BRIEN,
JOHN B. MCCARTHY,
DELLA K. MCGEEVER,
CATHERINE T. LEONARD.

On motion of Brother Patrick Greehy of Emerald Court, No. 53, seconded by Brother John J. Cummings of Merrimack Court, No. 72, it was voted that the report of the Committee be accepted as progressive, and that the present Committee continue to serve.

Brother William P. Hayes of Fr. Sherry Court, No. 251, in behalf of the Committee appointed on Resolutions reported.

RESOLUTIONS TO PRESIDENT WOODROW WILSON.

SPECIAL AUDIT REPORTS.

Blanks for these reports have been sent to all Subordinate Courts for each quarter and the returns indicate that this important duty of making quarterly audits is not being faithfully adhered to. The Constitution requires this and our contract with the Bonding Company stipulates the accounts of all financial officers shall be audited in accordance with the Constitution, so that failure to comply with this would have a tendency to invalidate the Bond.

AVERAGE AGE.

On pages 38-42 will be found Record of Courts membership for the year 1915, together with the average age of the members of each Court. On page 8 will be found the average age of the 41,450 members of our Order, which is 42.1 years. When we realize this, a situation is brought to our minds that requires most serious consideration on the part of all who desire to see the organization of the future maintain its splendid record of the past in giving maximum protection at a minimum of cost. The importance of a low average age is a necessity, for it is a positive fact that a high average age will demand an increased number of assessments. It is therefore hoped that every Court will make an effort to increase its membership with new members of an age sufficiently younger than the average age of the Court, to make a reduction in this regard for the year.

REPORTS OF OFFICERS.

A great deal of laxity exists on the part of Recording Secretaries of some Courts in forwarding official records such as Initiations, Suspensions, Re-instatements, Designations of Beneficiary and acceptance on withdrawal cards. All of these are of the utmost importance, both as regards the standing of the members and the keeping of our files clear and complete. With those Secretaries who have been lax in this regard in the past, it is expected that a better condition will prevail in the future.

NEW COURTS.

During the year 1915, two Courts of the Order were instituted. Malden Court No. 259 was instituted in Malden, June 18, with 24 charter members, the average age being 24.7 years. Thorndike Court No. 260 was instituted in Thorndike, December 3, with 15 charter members, the average age being 29.8 years. Both of these Courts are composed of men and women.

TRUSTEES.

The Trustees of the High Court have held 22 meetings during the year and have maintained their zealous care and activity in safeguarding the Funds and Securities of the Order. Inspec-

tion has been made of all property upon which mortgages are held by the Order and where necessary, instructions have been given for repairs to be made, which have uniformly been complied with. The Securities have been inspected by the Finance Committee and all were found to be intact.

A full and detailed report of the Trustees will be found on pages 29-32.

HIGH STANDING COMMITTEE.

The High Standing Committee have held during the year 46 regular and special meetings, with an average attendance of 73%. In addition they have made 493 visits to 198 Courts.

Each member of the Committee has been ever ready to do his part in making any sacrifice to go where the call would come from, when it was felt the sacrifice might result in the upbuilding of a Subordinate Court or of the Order. To individualize would be unjust. Credit is due to all, and the debt of gratitude which the Order owes to these men for their unfailing devotion in spreading the principles of Unity, Fraternity and True Christian Charity will be paid not only by us of to-day, but as well as by generations yet to come.

Our High Chief Ranger Joseph T. Brennan will complete with this Convention five years of active service on the High Standing Committee. He has given to the Order his time, effort and ability and the record made by him will compare most favorably with any of his predecessors, and well may the words of Holy Writ be transmitted to him,—“Well done, thou good and faithful Servant.”

Faternally yours,

DANIEL H. MAGUIRE,
High Secretary-Treasurer.

ADDRESS OF REV. JAMES H. O'NEIL, LL.D., HIGH
CHAPLAIN.

REPRESENTATIVES OF THE 37TH ANNUAL CONVENTION OF THE
MASSACHUSETTS CATHOLIC ORDER OF FORESTERS:—

Sister and Brother Foresters; Dear Delegates:

A Kindly Providence brings us together to-day for our 37th Annual Convention, to review the past and to lay plans for the future. During the past twelve months, since our last Convention, the M. C. O. F. has made grand progress in its

chosen works. The magnificent reports which will be handed to you to-day by your chosen officers will tell most eloquently of another year of wonderful prosperity; increased membership, accumulation of a grand reserve fund, developing of new interests, activity in Church extension and the Catholic Federation and watchfulness in the juvenile courts.

Our undiminished love, care and protection of the widows and orphans have demonstrated that our society is abreast of the times, and is adding its force and weight of influence in moulding public opinion and advancing the temporal and eternal welfare of its members. This is the spirit of our grand organization, to advance the lay-apostolate, to interest and encourage all in the works of charity and humanitarianism, and to bring before the children of the Holy Catholic Church a realization of the grandeur of its teachings. Are we not the Massachusetts Catholic Order of Foresters, citizens of the grand old State of Massachusetts, and members of that Church founded by Jesus Christ to teach and enlighten the world. Established and commissioned by the Savior of the world to preach the doctrine of Faith and salvation, your children, to-day gathered in council-hall, bid Thee all hail! We, your children, bow in humble submission to Thee and obey with pleasure that voice that goes forth to the ends of the world. That word, that teaching in which, alone, is fulfilled the command of the Divine Master to His Disciples, "Go ye forth and teach all nations and behold, I am with you all days, even unto the consummation of time."

What a pleasure to pause for a moment to-day to cast a retrospective glance at your past glories which never tarnish, that the world can never diminish, and of which the hatred of man and the efforts of the spirit of darkness can never rob you. Viewed, even from a human standpoint, you are the wonder of the world, and the most perfect form of government ever given to man. Into your fold has been gathered the nations of the world, and though centuries have passed since your organization, you are to-day as vigorous and as powerful as when you first came forth from the hands of your Divine Founder. Your fruit as fresh, your leaves as green, your flower as fragrant as when first you blessed the world. Your brow entwined with the wreath of victory, at your feet the crowned monarch bows in submission. You have been to your children in all ages the source of untold

happiness, their guiding star and the pledge of eternal life. Well may we send greetings to our Holy Father on this occasion and pledge again and again our undying love for him, our spiritual head and guide, and offer for him and for our beloved Cardinal, who so ably represents him, our fervent prayer, that the spirit of God may direct them in the government of the Christian Catholic world.

As good American citizens, as members of the Catholic Church and loyal Foresters, we look to your past glories, to your past triumphs, and from them we draw an honest pride and a strong incentive to be worthy citizens of the greatest, the freest country of the world, and loyal children of our dear Mother, and faithful members of the M. C. O. F. But we must not stop here. The Church's past glories will not insure our future happiness. She will go on to the end of time, doing the work of the Master. We, her children, must correspond to her efforts, her labors for us. She makes certain demands of us. She requires at our hands the virtues of Divine Faith, believing in God, in all that He has revealed through the mouth and in the authority of that institution established on the earth, of which He says, "The gates of hell shall never prevail against her." She demands a strong, active, sympathetic and loyal faith; siding with her through weal, through woe, with every interest that concerns her, making her interests the weightiest interests of our hearts. She demands of her children purity of life.

In our day we see a devouring, devastating lust that has seized upon man, and threatens his destruction. The social evil, luxury in living and extravagance in all things. Hideous crimes that are revealed in our courts of justice. The decrease in population, shortening of human life, prevalence of insanity,—all an indicative of the devastating impurities that are destroying humanity. The Church demands self-restraint, manliness and purity. She demands that we abstain from the vices, which in the language of St. Paul "shall not be as much as mentioned among you." These are the demands of the Church upon you; there are the demands made on you as members of the M. C. O. F. These demands are accentuated by the promises you made when you became members.

Be not satisfied with signing,—I am a Catholic, I go to Mass on Sundays, I frequent the Sacraments. No! In all things, in

all days, under all conditions and circumstances be Catholic. In your comings and goings, in your daily lives be governed by the views of your faith. Be directed by it to-day, the day of your great convention.

You are members of the M. C. O. F. and your history proclaims you loyal, faithful and zealous Catholics, and no body of lay people are more amenable to the Church laws and the commands of their spiritual directors than you are. If we take home with us a greater enthusiasm, greater love, a more lively faith and a more active zeal for all that pertains to the Church, then the object of this address is fulfilled.

Before concluding, I may pay a special tribute to your High Standing Committee. The history of our beloved organization records many striking manifestations of God's protecting care and love for us, but in no way is His guidance better illustrated than by the selection of your governing board, the High Standing Committee. This is a matter of history, and the past year but adds to the glory of illustrious direction the names of 1915 and 1916. Your retiring Chief Ranger, Brother Brennan, your Secretary-Treasurer, Brother Maguire, and your High Medical Examiner, Brother Hanley, together with the remainder of the Board, have worked incessantly to advance your interests. They deserve the commendation and thanks of this organization, individually and collectively. Our Convention to-day marks the beginning of another year. We thank Thee, O Eternal Father, for the opportunity we have enjoyed in doing good and we ask Your Grace and help, that when we write *Finis* at the end of the coming year that there may be added to our golden history many chapters, filled with good works done for God and humanity.

On motion made by Past High Chief Ranger, Daniel A. Cronin of St. Joseph Court No. 11, seconded by Brother Michael J. Shannon of Williams Court No. 19, it was voted the address of the High Chaplain be accepted and adopted.

The High Chief Ranger instructed the High Conductors to escort Past High Chief Rangers Fennessey, Cronin, Bonning, Harrigan, Duggan, Dignan and Clancy to the platform.

Brother Lanigan of Cathedral Court No. 1 reported as follows for the Committee on Credentials: "The Convention when

complete is entitled to 836 delegates, representing 242 subordinate Courts. We have at present the Credentials of 625 delegates representing 200 Courts, and the Committee is pleased to report there are no contests." On motion of Peter A. Welsh of St. Francis Court No. 4, duly seconded, it was voted the Committee's report be accepted as a report of progress.

ADDRESS OF JOSEPH T. BRENNAN, HIGH CHIEF RANGER.

TO THE REPRESENTATIVES ASSEMBLED AT THE 37TH ANNUAL
CONVENTION OF THE MASSACHUSETTS CATHOLIC ORDER OF
FORESTERS:—

My dear Sisters and Brothers:

Once again the ever recurring cycle of events brings us together to consider the work of the past, to deliberate upon our present condition and to plan for our future. It is difficult to condense in a report of this kind all that could or should be said by your High Chief Ranger, and I must necessarily refer to facts and figures found in the reports of other officials, to which reports I beg to direct your careful attention for a more detailed statement of the condition of the Order.

In many ways this organization is to-day far in advance of all other beneficiary societies. Its past record stands out conspicuously as one of most successful achievement in this line of fraternal endeavor. What the future has in store no one would dare predict with accuracy, but we face it with absolute faith, unbounded courage and a determination to maintain our prestige among the fraternities of the country.

We must not deceive ourselves into believing that we may rest content with our past record, or our present strength, or the prospect of a brilliant future, for much remains to be done to assure the perpetuity of the organization.

The year 1915 was one of great industrial depression. The working men, to whom all fraternal orders appeal for recruits, had a severe struggle to obtain even enough money to supply

the bare necessities of life for themselves and their homes. As a consequence we find upon reviewing the reports of contemporary societies that all have suffered because of this condition of affairs. It is noteworthy that no organization in this Commonwealth can compare with our success in the face of such adverse circumstances. We have added to the rolls of membership by initiation the names of 2,810 men and women; we have lost by withdrawal and death 1,216; leaving a net gain of 1,594 members. When we consider that only two other fraternal beneficiary societies made a net gain in membership in the State during the year, and that our gain was 553 over our nearest competitor and exceeded by 1,548 the third society, we can begin to appreciate how really thankful we should be for the work that has been accomplished.

Especial credit is due to the Deputy High Chief Rangers for the efficient services rendered by them during the year. Their work has been performed in a manner that reflects great credit upon the organization and not a single complaint has been registered against any Deputy during the year. The tact and discretion with which they have counselled and advised the officers and members of the Courts has resulted in greater efficiency and an almost total elimination of the Arbitration Court hearings, which caused so much annoyance and expense in years gone by.

The High Standing Committee alone can fully appreciate the assistance rendered by our many Degree Staffs. Ever ready to obey orders from our Office, deterred neither by cold or stormy weather nor by distance or inconvenience in travel, these faithful sisters and brothers have done a work of inestimable value to the Order. The sum total of payments for expenses of Degree Staffs may, at first glance, appear to be large, but in proportion to the number of Courts assisted, it is in fact very small. But I take occasion to repeat my suggestion of last year, that when a Court demands the services of a Staff, that Court should bear part of the expense. Many of the Staffs are now trained and equipped to initiate candidates, and this novel feature has undoubtedly been an incentive to many Courts in preparing for class initiations.

The seed planted a few years ago at Springfield and which brought forth the first Past Chief Ranger's Association has multiplied many fold, and now we have other live Associations in Boston, Worcester, Holyoke, two in Essex County, and one recently formed in Bristol County. All of these have been successful in their endeavors to infuse a spirit of enthusiasm among the Courts in their respective localities during the year. I must here say a word of praise in favor of the past Chief Rangers' Association of Western Massachusetts, without intending in any way to minimize the work of others. That Association has originated and successfully brought to completion five class initiations, the last one, in April of this year, having resulted in the presentation of 247 applications for membership.

Recently in different parts of the State efforts have been made to organize clubs or auxiliaries among the members of the Order, and again we must look to Springfield Foresters and view with admiration the successful accomplishment of their endeavors in this field. In January of the present year the M. C. O. F. Social Club was organized in that city, its doors being open to all male members of the Order, a finely appointed club-room was provided, equipped with games to attract both young and old, and furnishing a general meeting place not only for individuals, but also for meetings of the smaller Courts and committees. Within a few weeks after the organization of that club, the women Foresters formed what is known as the Domestic Circle, and affiliated themselves with the Club. The main object of the Domestic Circle is to assist in arranging for club entertainments and furnishing the rooms. Already a piano, pictures, curtains and many other things have been contributed. The rooms are used exclusively by the Domestic Circle at least one evening each week, and on other evenings there are classes in dressmaking, millinery, cooking, dancing, etc. There can be no question but what the organization of this Club and the Domestic Circle has resulted in the development of a better spirit of unity and that the fraternal and charitable work of the Order has been greatly advanced. I heartily commend the formation of such auxiliaries in other cities and towns.

We also have in Boston the well-known Knights and Ladies of St. Rose, almost as old as the Order itself, and which provides for

the Foresters of Greater Boston a well appointed place of meeting, a carefully selected library, lectures and social meetings at least once a month, and many other means for social and educational advancement. A larger number of our members ought to be affiliated with this organization.

If space permitted, I would gladly pay tribute to the work of other auxiliaries, such as the bowling and baseball leagues, the tournaments of different kinds which have been held, and other social features contributing towards the building up of a friendly spirit of rivalry between the different Courts and sections. Let us hope that all these may be continued and increased in the years to come.

The reports from the Directors of the Diocesan Charitable Bureaus demonstrates that the return from our investment has indeed been a hundred-fold. The dollars that we contribute and the little assistance we have given by active co-operation of the members in protecting and saving the children of our faith from the correctional and penal institutions of the State, emphasizes the need for even greater activity and assistance. A small contribution of money from every Court of the Order would insure the successful carrying on of this work, and I trust that the donations so generously given in the past will be renewed in the future. Each and every Court of the Order shares in the glory of this work and surely all ought to be willing to assist by a donation every year.

During the year many Courts in the Archdiocese of Boston have been affiliated with the Federation of Catholic Societies, and the Order itself is a member of the National Federation. The Federation is doing a great work in behalf of our people, and I heartily commend it to you in the hope that it may be strengthened by virtue of your membership.

Year after year the Legislature of the Commonwealth is called upon to consider various proposed amendments to the Fraternal Insurance Law, and the officers of your Order must be ever on the alert to safeguard your interests. A single false step or omission to recognize the danger of ill advised legislation, and

we might find ourselves precipitated into the abyss that has been the graveyard of so many fraternal societies which have come and gone since the establishment of our Order. The problems of so-called child insurance, whole family protection, paid up policies, half cash plan, old age relief, group insurance, health and accident insurance, valuation of policies, adequate reserve fund, limitation of investments, and many other schemes and propositions changing the fundamental principles upon which our Order was founded require most serious study and action. These and other problems are to be solved for you primarily by the High Standing Committee, and I therefore take occasion to repeat the same advice that has been given so many times in the past in regard to the selection of men and women for your executives. The office of High Outside Sentinel and all others is as important as that of High Chief Ranger when considering matters such as those mentioned. Merit alone should count in voting for candidates for High Office, for the requisites are as great for the faithful fulfilment of the duties of one office on the Committee as of another, and therefore you cannot afford to delegate your powers or place your trust in any person except one qualified and gifted not only with the ability, but as well with a willingness, to faithfully act upon and direct the affairs of the Order.

It is difficult to understand the antagonistic attitude of some members of the Legislature on questions relating to Fraternal Insurance Societies. Many men utterly fail to appreciate the fact that the Fraternal System greatly relieves the State and its cities and towns of the duty to provide against pauperism, ignorance and immorality. The millions of dollars our Order and other societies have paid in death benefits have made widows and orphans independent of charity; it has educated the children of the masses, fitting them for intelligent citizenship and capable of filling important positions of service in the State and the Church; it has endowed thousands of beneficiaries with the feeling of self-respect and confidence that saves them from immorality and crime. The influence of such societies is omnipresent and its work is thorough because it reaches with loving hands into the highways and byways of civilization, which are beyond the reach of the cumbersome and cold-blooded efforts of State officials, to whom power of dispensing so-called charity is delegated. The fraternal system should be fostered and protected, it should

always have the ready assistance and help of the State, and the enemies of fraternalism who would use the power of the Government to oppress us should receive a severe rebuke from those who administer to the functions of Government, and from the people in whose hands lies the making and unmaking of Government and its representatives.

Our loss by death last year was greater than ever before and so was the loss by suspension of members. This latter fact demands your most serious attention, for the retaining of members is as important as the acquisition of new names on the roll. Every Court ought to adopt ways and means to prevent suspension of members. A little voluntary assistance given to the Financial Secretaries would preserve not only the strength of our organization, but would result in the protection of the homes of those very persons who, because of their financial condition or gross neglect in payment of assessments, usually need the protection more than the average member.

A matter that must receive immediate attention is that relating to the investigation of applicants. Frequently we discover that committees charged with this duty do nothing to ascertain the character or condition of an applicant. Occasionally a Chief Ranger will certify that a committee has reported favorably, when, in fact, no reference has ever been made to a committee. At other times we have discovered that the proposer or the investigating committee have actually known of reasons which would be sufficient to bar a candidate, and yet have not reported such facts. The number of applications presented containing false statements as to age are a constant source of annoyance and are the cause of a large percentage of rejections. If members would realize that by their carelessness, neglect and silent or active participation in an applicant's attempt to defraud the Order, they are, in fact, making themselves a party in a scheme to defraud themselves, we would have less cause to worry at headquarters. Our rates are too low to accept poor insurance risks. Our reputation is too good to risk its being stained by persons of questionable character. Return to your Courts and insist upon strict compliance with the laws and rules in this matter.

During the year 1915, over \$464,000 was paid in mortuary benefits, bringing the sum-total of payments since organization up to nearly \$6,000,000. You will note, however, that the income from the mortuary assessments was only \$449,015, thus reducing considerably the available balance on hand in the mortuary fund at the beginning of the year. The increase in our Emergency Fund was \$120,857.28. In view of the high death rate during the first five months of the present year, it will probably be deemed wise to issue eleven assessments in 1916, thus increasing our mortuary fund by \$45,000. While not absolutely necessary, this is advisable, as the time has not yet come when we should draw upon the Emergency Fund. Considering the fact that other fraternal societies are now issuing twelve or more assessments every year, we shall not suffer by comparison.

Unquestionably the position of fraternities in the insurance world is, as a whole, better to-day than ever. Over 10,000,000 men and women in this country are members of fraternal beneficiary societies and every day sees an increase in membership, in financial condition and in confidence. Unfortunately there are a few fraternal societies in our State that just now appear to be tottering from neglect, mismanagement and other causes, and when they fall a hue and cry will be raised by the opponents of our system against all fraternal insurance societies. Be prepared for this and by your enthusiasm, your work, your knowledge of our past and present and a realization of the necessity for safeguarding the future, not only for the sake of the Order, but for your individual protection, prove to the world that the Massachusetts Catholic Order of Foresters is built upon the solid rock of Unity, and that its foundations are not shaken by the quakes that bring destruction to others.

Remember always that all our work is done for the protection of our homes, and that other things are merely incidental. You members own, manage and control this organization, for by its representative form of government no individual or group will ever be allowed to dominate or command the acts of the majority, and this insures success. Our system needs only to be fully understood to be appreciated.

I cannot close this report without reference to the work of our High Secretary-Treasurer and High Medical Examiner. In the person of the first named, we are fortunate in having a man peculiarly fitted by temperament for the position; one who by sound advice, a kindly word, a dignified manner, and a thorough appreciation of seemingly complex problems has done an untold amount of good in promoting the affairs of the Order, and of countless individuals who daily seek his assistance. The system of accounting at our office seems to me to be perfection itself, and were it not, surely the officials of the State Insurance Department would not have put the stamp of approval upon it. That the cost of management of our Order is lower than other societies is due in a great measure to Brother Maguire's efficiency.

To our High Medical Examiner, Doctor Hanley, we owe a greater debt than the average member appreciates, for upon him falls the heavy burden of approving or rejecting each and every application. It is a position of greatest importance, as every approval means a liability of \$1,000. He has built up a staff of Subordinate Court Examiners second to none in the country, and that staff should be kept intact for the good of the Order. When there is sufficient reason for a change in the Examiners we may place implicit trust in the present incumbent of the office of High Medical Examiner to do whatever is necessary for our best interests.

To His Eminence, William Cardinal O'Connell, to the Right Reverend Bishops of the Springfield and Fall River dioceses, to our beloved Chaplain General, Reverend Father O'Neil, and the Spiritual Directors of the Subordinate Courts, we are truly grateful for the interest taken in our Order and the constant efforts made by them to increase our strength and prosperity. Let us, whenever the opportunity presents itself, endeavor to repay them for the services so generously rendered in our behalf, and ever strive to merit the approval which they have given to our Order.

At the close of this session I shall lay down the burdens of High Chief Ranger, not, however, with a feeling of relief, but rather with one of sadness, for my relations with the other members of the High Standing Committee, the Deputies, the Chap-

lains and Medical Examiners, the Officers and members of Subordinate Courts have brought much pleasure to me, and I shall miss the frequent visits as an Officer to the Subordinate Courts. The results accomplished are sufficient reward for anything that I may have done during the five years that have passed since my first election to the Committee. My final word to you is an appeal for loyalty to my successor. Show confidence in your organization, be obedient to lawful authority and try to live up to the highest ideals of Unity, Fraternity and True Christian Charity.

... And now a few personal words after having made this formal report, and I trust that I may be pardoned for intruding upon your time and patience. As you well know, to-day I pass out of the office. Last night—as many other nights—was a sleepless one for me. I was thinking of the events of the five years since I first became a member of the governing board, and this morning as the sun was rising I sat down and wrote down a few notes of my experience as a member of the High Standing Committee. And I speak of it now because from your ranks will come future members of the High Standing Committee, and from your Courts will come members who will later represent you at some future session of the High Court. I know from experience only a part of the Order's history and therefore I speak only of that. I am not unmindful of the part that has been played by other Past Chief Rangers of this organization, and when I consider the work that has been done by my predecessors, the men whom I have well known,—such as Buckley, Duggan, Dignan, Harrigan, Bonning, Murphy, Cronin, Clancy, Doherty, Fennessey and O'Sullivan,—I have wondered many times how the work of the present High Chief Ranger measured up to their standard in the estimation of the members who have seen the work of my predecessors in office. Perhaps you may not fully believe me when I say that I never sought office, either in a Subordinate Court or the High Court of this Order. In fact, I was somewhat enamored by the attractions of another great fraternal society when the members of Americus Court one day called me in and told me my duty to this organization. Five years have passed since the day you first elected me to the High Standing Committee, and as I look back there comes to my mem-

ory many happy days and many sad ones. From a personal view I value most of all the friendships made, and I grieve for the loss of those friends who have been called before God for judgment. From an official position I rejoice in the prosperity which the years have brought, and regret the success was not even greater. To have had a part in the struggles of the past five years necessarily has meant some suffering, physically, mentally and financially; but to be identified with the glorious accomplishments of the Order certainly repays one for all services rendered, and I cannot forget the honors you have heaped upon me. First, when you sent me as your representative to the great National Federation of Catholic Societies, where I was privileged to sit in council with the leaders, not because of any peculiar ability of mine, but because I represented the greatest Catholic fraternal society in Massachusetts. And I fully appreciated the honor of being your spokesman before the Massachusetts legislature when great questions of Catholic interest were being discussed. When I became a member of your Committee the battle was being waged on the so-called Mobile Insurance Bill, and I began delving into the history of Fraternalism, Mortuary Statistics, Insurance Policy Valuations and kindred topics, until indeed I felt the bed of roses which friends had pictured for me was filled with the stems and thorns, and that the last rose of summer must have died a long time before my bed was made up. I claim no credit for the work that was done in 1911 on that bill. Those who came before me planned the campaign, and in their success in having our Organization exempted from the provisions of the revolutionary laws relating to Insurance I was glad to have had some share. But by that very success the feeling of jealousy increased against our society, because the law that was then passed forced upon other organizations the duty of raising their rates and drove out thousands upon thousands of members, which meant the recruiting of many into our ranks. Two years later we found other societies at the doors of the legislative halls demanding that this clause of exemption be stricken out of the insurance laws. It was then that the real fight regarding fraternal insurance came on, because at that time we had arrayed against us our brothers in the fraternal field. But the High Standing Committee was vigilant, and the opposition failed in the effort to injure your Order. So year

after year your High Standing Committee has been, and must ever be, on guard to protect the ground we now hold. Let preparedness be your watchword, and remember, "Eternal vigilance is the price of liberty."

Let us turn the page and read another leaf of history. I found when I came on to the High Standing Committee the names of 33,000 members on your rolls; to-day we can read the names of nearly 43,000. Truly a remarkable growth, substantially 30% in 5 years. You had paid out, up to that time, \$4,000,000, and since then the payments have brought it up to nearly \$6,000,000, so that nearly 1/3 of your total payments of mortuary benefits have been paid during the past five years. In your Emergency Fund I found approximately \$350,000. To-day there is over \$800,000, a gain of \$450,000, or about 130% in five years. How has this been accomplished? Well, first of all, by careful investment of previous contributions to the fund, and secondly, by doubling the yearly contributions. I confess now that when I came to you three years ago with the proposition to make the annual assessment to the Emergency \$2 instead of \$1 it was with trembling limbs, because I was opposed by members who at that time firmly believed that my views were such as would cause dissension in our ranks. They feared the demand for more money would result in a wholesale desertion; but the result speaks for itself. Hardly a ripple where a storm was expected. And so I dare to-day to recommend that this year we send out 11 assessment calls for the Mortuary fund, instead of ten as formerly; because I know the loyalty of the members will not permit them to make complaint when we ask that they contribute only a few cents more each year, and thus bring into our treasury a needed increase in this fund. We must not call upon the Emergency Fund for many years. One of your greatest assets to-day is your growing Emergency Fund. It is increasing at the rate of \$125,000 a year, instead of the maximum of \$50,000 of a few years ago, and it must continue so for a long time in the future.

In 1914 I came to you with a proposition to reduce the maximum age of admission from 50 to 45 years. And then my friends called me a dreamer and a theorist. Again was predicted the ruin of the organization; but again you were persuaded to take good advice, but I had to demonstrate to you what a study

of 178 other societies had taught me. Perhaps it is too early to see the actual practical working out of this amendment; but we do know the average age of those admitted during 1915 was a year younger than those admitted in 1914, and the net gain, in spite of the rejection of all over 45, will almost equal the record of 1914.

While doing all this good work for ourselves we have not forgotten others. In behalf of delinquent children the Catholic Charitable Bureau appealed to our Order in 1912 for the first time. Oh! if you only knew of the struggle to interest Courts in this movement, the time spent in convincing the Courts and individual members that we really owed a duty to our neighbor, and that the boy and girl of the street is our neighbor even though we may never see that boy or girl. But we have succeeded, and you will find in the reports year after year a contribution of substantially \$1300 annually toward the support of this great charity.

Then came the modest request for the building of a chapel. You know that when the Bishops of the country met in Boston in 1913 your humble servant was elected to assist in their labors as Secretary of the Congress. Wishing that the Massachusetts Catholic Order of Foresters would take some part in this work, I made bold one day to suggest that the Committee write the Courts and ask for a contribution of \$3 from each. In a month we had enough money to build a chapel; and now, away off in the great Northwest, there is a tablet set in the walls of a church, and he who stops to read learns that there stands a monument erected to the greater honor and glory of God, a memorial to the deceased members of the Massachusetts Catholic Foresters, and on the altar of that chapel stands a priest garbed in vestments that were sent to him by this organization.

Hardly had you given that money when again there came a call for assistance. One day in June, in the year 1914, I stood on the ruins of a city still smoldering from the flames that in a few short hours had destroyed the work of generations. I talked with the sisters and brothers of our Order and learned the sad tale of desolation and distress so pathetically pictured by the surroundings. That big-hearted, generous, loving and faithful Forester, our late lamented Cornelius F. Buckley, was then your leader. His name appearing at the head of a committee of volunteers brought to our headquarters over \$4,000 for the relief of our suffering

brothers in Salem; and again was written on the book of our life another deed of true Christian charity.

And then the hand of the Lord was laid heavily on our Order. It rested on the head of our High Chief Ranger, and in August of that same year he who had given so much of his time, his energy, his ability, his self-sacrificing effort, was called from his high office to the throne of God. May his soul rest in peace.

So it came to pass that almost within three years I rose from the ranks to the honorable office of High Chief Ranger of this great fraternity, and now, for nearly two years, I have held that title. They have been busy years and I hope I have filled nearly to your satisfaction the trust reposed in me. Many times during the past few months I have been asked to retain the place for another year; but to all requests have regretfully answered "No." My associates have been very kind and I know they would have readily consented, but a study of other societies has taught me that too much dependence must not be placed on any one man in a position such as I occupy. If you want to kill ambition, to retard progress, to create discord and dissatisfaction, to keep behind rather than abreast of the times, there is no surer way than keeping a man in the High Chief Ranger's chair too long. Every man in the Order—and every woman, too, because nearly 40% of this Order now consists of women—must be given an opportunity to hold high office if they have the necessary qualifications, and I do not want it to be said of me that I was a stumbling-block to the advancement of this organization or its individual members.

I have told you all this, not to glorify myself, for my humble efforts are but typical of the work that has been done, and must continue to be done, by the members of your High Standing Committee. At times you are apt to criticize, for what to you is a good and sufficient reason. Even a failure to visit your Court frequently seems to offend you. Perhaps it will surprise you to learn that I have kept a record of all the places visited by me and in five years I have travelled over 35,000 miles in the service of this Order, an average of over 20 miles each and every day for five long (or should I say short) years. When you consider the time in travelling, the places that have been visited, the time spent at your meetings, and the time members of your High Standing Committee must give

to your organization during the day, as well as the night, I hope that you will appreciate the words, spoken earlier, that you must elect men and women having not only ability, but willingness to serve. I leave the office with mingled feelings of joy and sadness, hoping for your approval, yet fearing that in the scales of comparative effort, I may not have measured up to the sterling character and great success of my predecessors. Spread the mantle of charity over my failings, and if I have done any one thing that merited your approval, let it atone for my mistakes, which, I assure you, were never inspired with a desire to do aught but good.

High Vice Chief Ranger, Brother George T. Daly, in Chair.

On motion of Brother Peter A. Welsh of St. Francis Court No. 4, seconded by Brother Richard Murphy of St. Francis Court No. 4, it was voted the address of the High Chief Ranger be referred to Committee on State of the Order.

REPORT OF HIGH MEDICAL EXAMINER, FRANCIS J. HANLEY, M.D.

AT THE THIRTY-SEVENTH ANNUAL SESSION OF THE HIGH COURT
OF THE MASSACHUSETTS CATHOLIC ORDER OF FORESTERS,
WEDNESDAY, MAY 24, 1916.

Sisters and Brothers:

In accordance with the customs and laws of the Order, I herewith submit for your consideration the Annual Report of the Medical Department for the year 1915, which adds another chapter to the history of success and achievement of our beloved Order.

The valued assistance of our Medical Examiners in the performance of their duties; their co-operation and personal interest in this important work, which means so much for the continued success of our insurance system, is largely responsible for the good results as shown by the Mortuary Tables in this and previous reports. The wisdom of our policy in keeping intact, as far as possible, our local corps of examiners and careful selec-

tion of new examiners when, for unavoidable reasons, we are obliged to make new appointments, is proven by the fact that our death rate for the past fifteen years, while there has been slight variations from year to year, remains practically the same.

The death rate per thousand on the average membership in 1915 was 11, as against 11.2 in 1914; 10.73 in 1913; 10.33 in 1912; 11.1 in 1911; 10.63 in 1910; 10.45 in 1909; 9.63 in 1908; 10.88 in 1907; 9.22 in 1906; 10.46 in 1905; 11.14 in 1904; 8.39 in 1903; 9.55 in 1902 and 11.54 in 1901.

Total number of deaths in 1915 was 458. Three hundred twenty-nine men and one hundred twenty-nine women.

Under the classification of early deaths or deaths of members less than two years in the Order, we have this year twenty-five.

Many organizations similar to ours now consider only those who die within one year as coming under this classification. Owing to the fact, however, that this year our total is slightly larger than usual, we have made two tables, placing in one those members who died within one year of admission, and in the second, those who died between one and two years.

DEATHS IN MEMBERS LESS THAN ONE YEAR IN THE ORDER.

	Men	Women	Total
Appendicitis (operation).....	1	0	1
Typhoid Fever.....	1	0	1
Embolism following Childbirth.....	0	1	1
Fracture of Skull (accident).....	1	0	1
Infantile Paralysis.....	1	0	1
Pulmonary Embolism, following accident.....	0	1	1
Cancer of Neck.....	0	1	1
Total,	4	3	7

DEATHS IN MEMBERS BETWEEN ONE AND TWO YEARS IN ORDER.

	Men	Women	Total
Accident.....	2	0	2
Pneumonia.....	2	1	3
Acute Nephritis.....	1	1	2
Tuberculosis.....	2	2	4
Disease of Heart.....	0	1	1
Typhoid Fever.....	1	0	1
Scarlet Fever.....	1	0	1
Shock following Operation.....	0	1	1
Hemorrhage of Brain.....	0	1	1
Cancer.....	0	1	1
Childbirth.....	0	1	1
Total,	9	9	18

Referring to the deaths in the first table, all but one were caused by acute diseases of short duration, and rapidly fatal.

The one exception was Cancer of Neck in a young woman who was a member eleven months and eight days. So rapidly fatal was this disease in her case that she died within one month from the time she first consulted a physician for what appeared to be a swollen gland in her neck.

The deaths recorded in the second table were all accounted for by special reports rendered by the local examiner and details

are on file at the office. The longest duration of illness in these eighteen deaths was given on death certificate as 4 months.

Annually we strive to arouse the interest of the membership to the all-important subject of proper investigation of applicants, with very little success.

When obligated, each member immediately becomes a shareholder. His interest, based on monetary value, should prompt him to assist in making secure the expected return on his investment. To accomplish this, it is necessary that each member do his share toward preventing those not properly qualified from entering our ranks. Note the care exercised by great Insurance Organizations where amounts less than ours are involved, and see if reasons will not suggest themselves why investigating should at least act with intentions to build rather than to undermine.

Unless the question of investigating applicants is given serious attention by all members, as well as committees appointed for this purpose, it may prove necessary in the near future, for the protection of the Order, to consider the adoption of a plan based on that of the so-called "Old Line Insurance Companies," that of employing agencies established for this particular purpose.

A word in reference to the campaign of education in matters pertaining to Public Health that is being carried on under the direction of our State Board of Health:

#2 The question of health preservation, to-day, is greater in importance than all other vital measures. Its great scope is unlimited, and the campaign carried on by Boards of Health in cities and towns has accomplished a great deal of good. →

#6 Many of our local examiners throughout the Commonwealth are deeply interested in this work. Local Courts are here given a splendid opportunity not only to assist, but to make this a feature of their work. A great impetus will thus be given to this humane cause and a lasting credit placed to our Order when, by intelligent co-operation, our great Fraternity, with its 42,000 members, men and women, join in the effort to remove the causes that tend to shorten many lives by preventable diseases and to lengthen the span of life by avoiding those habits which have been proven to be the cause of the constitutional diseases. ✓ 5000

→ #7 (Our Commissioner of Health recently stated in effect that the best results in working out these health problems can only be obtained by having the intelligent co-operation of the general public.) The State Board of Health stands ready to give every assistance to all who seek it, and undoubtedly our local examiners will gladly give their help and advice to any Court desiring to take up this work.

The High Standing Committee, true to the trust imposed upon them, have always discharged their manifold and at times arduous duties in a manner which I am very sure has been pleasing to all. This, in the main, has been consistent with intelligent and capable leadership. Never more truly exemplified than in the person of our present leader, Joseph T. Brennan. Talented, energetic, thinking, unsparing of self, he has given to this Order without reserve and without personal consideration this talent, energy, thought. This tribute to a man and Forester is given by one who delights to call him friend, and with it the wish that

whatever the future holds,—the choicest of God's blessings, may generously come to him who has given to others so much and so freely.

We have now entered upon the work of a new and untried year. The past we know of by retrospection; a review is open to us if we desire it.

The glories of our attainment from the humble beginning are being written more and more largely with each passing year. Our achievements along the lines on which this Order stands are scarcely equalled, never excelled. Unity of purpose, closely followed along the definite lines where Fraternity predominated, having given such splendid results, and with Charity our leading light, for those who need that charity most of all, we will unitedly strive during this year to increase our usefulness, by increasing our membership, and by so doing make for the continued success of our great Fraternal Order,—the Massachusetts Catholic Order of Foresters.

Respectfully submitted,

FRANCIS J. HANLEY,

REPORT OF THE TRUSTEES OF THE HIGH COURT.

Sisters and Brothers:—

The Trustees of the High Court beg leave to submit the following report for your consideration:

Balance in the hands of Trustees, Dec. 31, 1914....	\$632,112 07
From High Secretary-Treasurer, Emergency Fund..	83,857 00
Transfer from General Fund.....	10,000 00
Net earnings from investments for 1915.....	27,000 28
	<u>\$752,969 35</u>

Invested as follows:

First Mortgage Loans.....	\$213,570 00
Municipal Bonds, cost price.....	537,637 33
Old Colony Trust Company.....	1,082 82
Union Institution for Savings.....	679 20
	<u>\$752,969 35</u>

Of the total amount in the Emergency Fund, over 25 per cent or \$194,267.78 have been the earnings; the balance of \$558,701.57 having been paid into the Emergency Fund by the members of the Order.

The notes on the sixty-seven (67) mortgages call for \$213,570.00. The assessed valuation of the mortgaged property May 1, 1915, was \$477,200.00, and the insurance on the buildings amounted to \$332,600.00.

The Municipal Bonds owned by the Order are divided amongst the cities of Beverly, Boston, Brockton, Cambridge, Chicopee, Everett, Fall River, Fitchburg, Gloucester, Haverhill, Holyoke, Lawrence, Lowell, Lynn, Malden, New Bedford, Newburyport, Newton, Quincy, Salem, Somerville, Springfield, Taunton, Waltham and the Commonwealth of Massachusetts. The cost price of the several bonds was \$537,637.33, the par value being \$563,000.00.

The net receipts from January 1 to April 1, 1916, were \$6,788.40, making the total amount in the Emergency Fund, April 1, 1916, \$759,757.75.

The net receipts since April 1, have been \$5,586.42. The total amount in the Emergency Fund in the hands of the Trustees at the time of making up this report, May 1, 1916, was \$765,344.17, invested as follows:

First Mortgage Loans	\$210,835 00
Municipal Bonds, cost price	550,326 67
Old Colony Trust Company	3,503 30
Union Institution for Savings	679 20
	<u>\$765,344 17</u>

The difference in the mortgage loans between December 31, 1915, and May 1, 1916, is accounted for by the payments of \$3,235.00 on account of mortgage notes, and a new loan of \$500.00.

Since January 1, 1916, there have been maturities of bonds owned by the Order, the cost price of which was \$10,158.75, and the Order has purchased municipal bonds, the cost price being \$22,848.09.

An inspection of the securities contained in the private vault of the Security Safe Deposit Company was made May 17, by the Finance Committee, who reported that all bonds and mortgages owned by the Order were contained therein, and a certificate from the auditor of the Old Colony Trust Company that the balance to the credit of the Order was \$3,503.30, as shown by the books of the High Secretary-Treasurer.

The various estates upon which the mortgage loans have been made were inspected by the Trustees, the High Chief Ranger and the High Secretary-Treasurer, during the year and found to be in fairly good condition, and we are of the opinion that the Order is amply protected.

Respectfully yours,

PATRICK F. BURKE, St. Gregory Court, No. 24,
GEORGE WIRTH, Holy Trinity Court, No. 51,
JOHN J. LYNCH, Bunker Hill Court, No. 126.

On motion of Brother Frank J. Long of St. Francis Court No. 4, seconded by Brother Dennis J. Lynch of Essex Court No. 16, it was voted the Report of the Trustees be received as printed and referred to Committee on State of the Order.

On motion of Brother Day of St. Augustine Court No. 46, seconded by Sister Lundregen of Father Conway Court No. 136, it was voted that nominations for High Outside Sentinel be closed.

At this time Brother William J. Sullivan, High Outside Sentinel, announced as being in waiting in the ante-room, His Eminence, Cardinal O'Connell, and Hon. James M. Curley, Mayor of Boston, and the High Conductors, Brothers James H. Benson and John W. Connelly, were instructed by the High Chief Ranger to escort the eminent gentlemen to the platform which duty was performed, and the Order of Business being suspended, His Eminence, Cardinal O'Connell, was presented to the Convention.

ADDRESS OF HIS EMINENCE, WILLIAM CARDINAL O'CONNELL, ARCHBISHOP OF BOSTON.

It is indeed a great happiness to me, coming here directly from the semi-annual conference of the clergy, to be welcomed by such a splendid gathering of the Massachusetts Catholic Foresters, assembled to consider the many important and interesting things which will occupy the time of the present session.

The very name of your organization indicates my interest in it—*Catholic* Order of Foresters. The work which you are doing is thoroughly Catholic, genuine and efficient. Your Order is flourishing; it is developing along the best Catholic lines. But I need not dwell upon that phase of your activity as a society, because it is well known that you have established the organiza-

tion on a solid basis, ignoring none of the financial responsibilities that any human organization must face in order to accomplish human and material good, and at the same time neglecting no part of that spiritual responsibility which must constantly give a religious character to the good you are doing.

This spiritual responsibility (and the grace that accompanies it) will inform your work, directing whatever it touches, sanctifying even the most indifferent actions, elevating human philanthropy to something divine and supernatural in quality and permanence, because it is all done for God.

This it is that distinguishes any good work of a material or financial nature done in a truly Catholic spirit and purpose, from that which for all its apparent success, is neither Catholic, Christian nor supernatural. It consists mainly in the underlying purpose and motives.

A man may leap into the water to rescue a drowning person, merely because he likes an adventure, or craves to have his name in the newspapers; he may do it because he loves the one in peril, or because he loves his fellow-man made to the image of God. The action is the same, but the main idea in his mind, the purpose that actuates him to save life, is in each case entirely different.

When any good deed is performed with a high and spiritual intention, there is directing it an underlying, vivifying influence which is nothing else than divine grace working in heart and soul.

The material part of man is no more than a mould of dust, but united with it and giving it life is the soul. Religion takes this component being and by Sacramental grace makes of him a son of the Almighty Father, a child of the Eternal King.

When this truth is viewed in an association of men and women whose purpose is to aid their fellow-men, it will be seen that Religion gives to the organization a soul—so to speak—endows it with the power of giving to others not merely bread, but of enabling them to live better, to be better. It lifts up the entire plane and substance of those it helps. The association is then not merely a human organization, but a spiritualized one, sanctified in its motives. Such is the Massachusetts Order of Foresters; a society doing with a Catholic spirit a noble work in a very practical way.

The Catholic Church is the most practical organization on the face of the earth. In this, as in many other ways, she differs from others which, while spiritually-minded, lack the experience of twenty centuries. She knows human nature through and through; she knows the ordinary methods and motives in vogue to-day; she has dealt with every phase of life, and dealt with them successfully. She understands, and we as her children understand, that it is God's grace, not man's energy, which supports the world. There is nothing in the world like the Catholic Church, because it is of God.

I congratulate you, therefore, upon the work already accomplished by you along the lines I have explained, but at the same time I give you a monition against any deterioration, a tendency inherent in everything human. We start well and mean well, but something occurs to tempt our spirit to grow weary and our energy to lag. Hence we are constantly in need of the Church's impulse to remind and aid us. When we are tired and disheartened she bids us take courage and gives us assistance to go on straight to the end. We are made in the image of God; we have ever the power of the Church behind us, but with all this, our duty stands out plain—in God's grace and the Church's encouragement, unflaggingly and unflinchingly to go on.

Let me call your attention to a matter most obvious to-day, your financial standing. I have touched on this point many times in the past, because you are a business organization and you can never afford to forget it.

When I say that the Church is practical, I emphatically mean it. It is no dream, this being a Catholic organization; it is a reality and demands efficient vigilance. Therefore, be mindful of the mathematical side of your work, the adding of figures, the avoidance of mistakes. Exactness is essential. Your reports must be exact; your resources must tally with the reports. All these things must stand out clearly and in careful accordance with the facts. I say this because it is by no means the least of your duties as an Order. Those who have charge of money must remember that it is a solemn trust; they must answer seriously for it, because the moment the Church makes herself responsible for anything, she will have no evasion; she exacts fulfilment.

This is why some people wish to be free of the Church; they want to do as they please and be answerable to no one. People

like to be free when they want to do wrong. But when an organization is answerable to God, a serious proposition confronts it. That is why our organization succeeds and grows. The world waxes decadent, but through the centuries the organization goes straight on. Hence the reason that organizations truly Catholic never decay; they feel the reflex of the times; now the glory and then the cross, but all through the changes, they are working, assured of continued existence.

Therefore, may God bless your work! It is a noble work and you must conserve it in a noble way. Thank God, life is not all the getting of bread and butter, but still they must be had. If you are not working for yourselves, you are working for those dependent on you. When we can aid someone else, when we conceive mankind as one great family, in which we are all the time exerting ourselves to help others, we are conscious that the spirit which spurs us on sanctifies life and ennobles it. This is the only thing that does make life noble. For this reason, too, it is your duty to be careful about your money. Again let me remind those in charge of this that they have a sacred trust.

We are living in times that in many ways are historic. They are troublous times, too. You survey the world, read the newspaper each morning, and when you think about it all—the conditions so universal and appalling—instinctively you feel that here is the hand of God working. The catastrophe which is turning the world upside down is so enormous that you think God must be there, and out of it all God will cause good to come. That is the hope in our hearts and without it our minds would be stupefied.

I want you not to forget the great desire of the Holy Father to be of service to the world in this cruel time of need. He looks out over Europe. What does he see? There are no more pilgrimages to Rome, the people are fighting in the trenches. He does not see his children about him, they are covered with mud and blood; he sees them on the cross. Of course, his fatherly heart is touched and he is looking around to see what he can do to stop it. He is asking our prayers that the nations may listen for that is all that is needed; to listen to the voice of reason, to the voice of conscience and the voice of God. When passion takes possession of the individual, or the nation or the world, the ears are closed, the eyes are bloodshot. Men see only red; it is

another world. He is trying to get men back to reason, to cool the passions, to make them think, to make them realize. Just now they are only the more incensed, as it seems, every time he speaks. What does he know about it? Well, he is the only man in the world who knows anything about it. He is standing by disinterestedly on a high plane of spirituality; he knows Europe, he is a child of it, his relatives are in the trenches over there. He does not know? This is the stupid frame of mind the world gets into. The priest does not know? The Pope does not know? They are about the only people who do know, both from their spiritual training and their contact with the souls of men. Pray for the Holy Father, pray for the nations. Pray that God may dispose the nations to hear the voice of peace coming from the successor of Jesus Christ, the Prince of Peace.

The address of His Eminence, Cardinal O'Connell, was listened to with marked attention by the entire Convention, and at its conclusion the appreciation of those gathered was manifested by tumultuous applause.

High Chief Ranger Brennan introduced Mayor Curley as Mayor of the great city of Boston—great because it is the home of so many great men. "Everybody in Boston knows our great men and that is one reason why we think so much of them. Boston is proud of its Catholic men and where else in this land can one point to so many leaders of the people than we in this city, the Hub of the universe? Whether it be in positions of Church, or of State, in science or in arts, or in any profession or cult, the men from Boston have their names inscribed at the head of the roll of honor, so I do not dwell upon the greatness of the man who now occupies the position of our Chief Magistrate, for his election to that office necessarily confirms the fact that he is one of our great men. And he is a Catholic man, the fourth of his faith to occupy that honorable office. What is more pertinent to us, perhaps, he is a member of the M. C. O. F. He is the true type of American citizen that bears allegiance to his flag, and, because of his belief in God, is better fitted to serve his city and state."

ADDRESS OF HON. JAMES M. CURLEY, MAYOR OF BOSTON.

Sister and Brother Foresters:—

I am very grateful to this organization for the privilege, pleasure and opportunity of being here and listening to the great spiritual lesson taught by one of the greatest leaders the Church has ever known in the history of Massachusetts, His Eminence, Cardinal O'Connell. His true greatness lies not only in his knowledge of Catholicity, but in that splendid, courageous, determined leadership that has made possible the welding together in American citizenship in the fullest possible measure of equality of opportunity the Catholics of Massachusetts. Through his splendid leadership it has been possible to place in the highest office within the gift of the people of this commonwealth a representative Catholic as Governor, Honorable David I. Walsh. We have learned the folly of division; we have been taught the necessity and value of unity and the presence on the platform here of a Massachusetts judge, selected with other Catholic judges during our time and during the leadership of His Eminence, selected on a new basis, on an American basis, on a basis that recognizes neither race nor creed, recognizes the qualifications of ability and knowledge of law as the essentials to serve as judges in this Commonwealth. And that should be the only basis, but it has only been the basis since the leadership of His Eminence has made its force felt in this Commonwealth. We make progress through unity, we disrupt when we are disunited, and if ever an organization was making the character of progress that is beneficial to the entire people it is the Massachusetts Catholic Order of Foresters here in this Commonwealth. I listened, as did every woman and man present, to the magnificent spiritual address of His Eminence. I confess there is something in the atmosphere of America, at the present time at least, that renders it extremely difficult to avoid taking an extremely optimistic view as to the outcome of the present war on the other side of the Atlantic. The human family struggled for 1783 years to make possible American liberty and in the light of their struggle and the privilege and opportunity that we now enjoy, we are all agreed that the struggle was in a righteous cause, and if, as a consequence of the present war on the other side of the Atlantic, the monarchical

form of government ceases to exist in the world and the right to liberty and equality is accorded the Pole and the Greek, and the Armenian and the Jew and the Irish, then I do not believe the war is in vain. And, as His Eminence has pointed out, they are thinking. One of the best stories that has been written in the past year in any periodical is a story written of the return of France to Catholicity, by former Congressman Victor Murdock of Kansas, and published in Leslie's about four weeks ago. It says that where five years ago France would not tolerate a convent, or scarcely a priest, and where the whole trend was toward atheism, where the birth rate was fast approaching the death rate, that to-day there are less than 700,000 who are not Catholics out of a total population of approximately 5,000,000. They have come back to the fold.

There is not anything in the wide world that makes a man think of God and life insurance any more than to lie in a hospital awaiting the outcome of an operation. And I speak advisedly, for I went there about six years ago for a very serious surgical operation and discovered that if I died that, outside of the Foresters, the Knights of Columbus and the Hibernians, I had no insurance. I had a wife and two children at the time and my first resolution was that when I recovered I would take out insurance. I did so and have added steadily to it until I have about all that I can carry. It makes you think not only of yourself and God, but of your family. You take those men in the trenches, millions of them, literally showered with snow and rain and hail and shrapnel and gas bombs and liquid fire. For what? Simply because some man wants to extend his wealth, his realm, or the territory of his country. They are thinking, and when a man thinks, the theory of the divine right of kings to rule has been shattered for all time. And I believe that out of the ruin of these monarchies there may be developed a federation of the United States of Europe, fashioned after ours, working toward the same goal that we are working, working toward a goal where one day equality will be the common heritage of all. And when the time comes when women have a vote war will end. (War of a bloody character, at least, will end. A little intermittent strife is helpful, it doesn't do any harm.)

Your organization has made a more notable increase in the past year than any other in Massachusetts. There is not any

individual who can determine what effect the termination of the present war will have upon the industrial life of Massachusetts. When the state prospers the organization prospers, when industry is multiplied the membership in the organization increases, and men are in a position to pay their obligations. There is a something that is of vital importance to the membership of an organization whose existence and future are dependent largely upon the prosperity of the state in which they are chartered. Few states in the Union are more progressive in matters of legislation than our own Commonwealth. We have to-day laws regulating the hours of labor of women and children, the Mothers' Pension Act, and every other form of social protection that is absolutely imperative for the welfare of mankind, but the greatest service this organization can render the country is to do its part in a propaganda for the destruction of the theory of state rights, and for the development of a broader and firmer spirit of union by the states in the United States. If, by a propaganda on the part of this one organization, it is possible for us to secure the enactment of a Constitutional Amendment requiring that Congress be permitted to control the laws applying to labor in every state in the Union, and make them uniform, then we will render a genuine service to this Commonwealth and to the Massachusetts Catholic Order of Foresters. Under present conditions every liberal law (and we would not like to see any of them repealed) that Massachusetts enacts, and that is not enacted by the other commonwealths of this country, is penalizing Massachusetts for the benefit of other commonwealths of this union. Twenty-five years ago practically every shoe made in America was made in Massachusetts; to-day 40% of all the shoes are made in Missouri. Twenty-five years ago there was not a single spindle in the Carolinas; to-day 40% of the textile industry is located in North and South Carolina. They have no laws regulating the employment of women and children, no 54 hour law, and every industry that locates there is one taken away from Massachusetts. I would like to see a law enacted that would place the same conditions that we have here in Massachusetts, and, given fair conditions, we will outstrip any commonwealth in the Union. We have the ability and the determination and we have the character. We have the most skilled mechanics to be found in America; and with better laws the opportunity for increased revenue will be

made possible for our sons and daughters, and the sunlight of prosperity will be reflected with increase on this and every other organization in this Commonwealth.

QUARTERLY REPORTS.

The last week of each quarter blanks for reports of financial officers of Subordinate Courts are sent to the respective officers. In addition to this special blank, forms are forwarded to the Chief Ranger of each Court, with request that they be delivered to the Chairman of the Auditing Committee, with directions to comply with instructions upon blank and to send the completed forms to Headquarters as soon as the duty has been performed. From the failure to forward completed reports it is evident that a great deal of laxity exists regarding compliance with the Constitutional requirements relating to the financial officers' accounts being audited quarterly, and therefore each Chief Ranger should insist upon having this important duty performed promptly by the Auditing Committee of the Court.

On October 13th a transfer of \$10,000 from the General to the Reserve Fund was ordered by vote of the High Standing Committee and this amount was placed to the credit of the Trustees of the Order in the Old Colony Trust Company.

M. C. O. F. LEAGUE FOR THE PROTECTION OF DELIN- QUENT CHILDREN.

In order that this beneficent charity instituted and fostered by our Order might be enabled to continue its grand and noble work in caring for unfortunate delinquent children and that they may be saved from the handicap of having a court record upon their advent into maturity, which record might be prevented were they to receive assistance and kind advice, an appeal for funds was forwarded March first to each Court of the Order. While the response in general was most generous, there were ninety-seven Courts who made no response whatever, and it is

Examined and found correct.

JOSEPH J. FORRESTER, *Chairman Finance Committee.*

IN MEMORIAM.

On January 29th, it pleased Almighty God to remove from our midst the most beloved Founder and First High Chief Ranger of our Order, *Dennis F. O'Sullian*. Brother O'Sullivan had lived to see the Organization which he loved so well grow from its humble beginning to its present great strength. He had seen it fulfill every obligation and every promise made; he had seen it branch forth each year to greater and broader fields, strengthening its membership, exemplifying the principles of those great cardinal virtues of Unity, Fraternity and True Christian Charity and spreading its benign gifts of solace and comfort over and into the homes of the afflicted.

Our earnest prayers are that his immortal soul has entered into the kingdom of its Creator, ever there to remain.

AVERAGE AGE.

On pages 39-43 will be found record of Courts for the year 1916, together with the average age of the members of each Court.

When the present schedule of rates was established in 1884 we were told by the Actuary employed at that time that in order to insure a maintenance of the schedule and a reasonable number of assessments being issued each year, it was essential that a steady increase in membership must be made and that the increase should be sufficient and the average age of the new members should be such that as each year passed, the average age of the Order would remain substantially the same. It is with regret we look back over the past five years and find the average age of many Courts increasing each year, thus indicating one of the very safeguards of our Order, i. e., the bringing in of younger members to these Courts, is being neglected. We have been able through many years to meet all our mortuary obligations with an average of slightly less than ten assessments being issued each year. With the average age constantly increasing it may readily be seen we will of necessity be obliged to issue more assessments than has prevailed during the past.

REPORTS OF OFFICERS.

A continuance of the spirit of laxity on the part of some of the Recording Secretaries seems to exist as regards the forwarding to Headquarters of official notices of Initiations, Suspensions, Reinstatement, Designations of Beneficiary and Acceptance on Withdrawal cards. Recording Secretaries should realize from the conduct of their own office how important it is that we should have a faithful record of each member and in doing so must also recognize the necessity of promptly forwarding all official papers to the head office without delay.

TRUSTEES.

The Trustees have held 21 meetings during the year and have been most zealous in their care and activity in safeguarding the Funds and Securities of the Order. Inspections have been made of all property upon which mortgages are held and in anticipation of depreciation in value it has been insisted upon that repairs would be made and payment made upon the principal. The Finance Committee have made a regular inspection of the Securities of the Order and have found them to be intact.

A full and detailed report of the Trustees will be found on pages 29-33.

HIGH STANDING COMMITTEE.

The High Standing Committee have held during the year 39 regular and special meetings, with an average attendance of 72%. In addition they have made 492 visits to 198 Courts.

While to many it may appear that some of the functions held by Subordinate Courts were of too frivolous a nature for members of your High Standing Committee to make the sacrifice necessary by attending them, we are of the belief that for the proper encouragement and recognition of activities those sacrifices must be made and this has been done during the year just closed the same as it has been by members of former High Standing Committees and with the same cheerfulness as have characterized their actions for many years past.

I wish to extend my sincere thanks to the officers and members of all Courts in the Order for the many kindnesses and favors extended to me and trust I may have been in some small measure at least, deserving of them.

Fraternally yours,

DANIEL H. MAGUIRE,
High Secretary-Treasurer.

REPORT OF PROCEEDINGS
OF THE
THIRTY-EIGHTH ANNUAL SESSION
OF THE HIGH COURT
OF THE
Massachusetts Catholic Order of Foresters

Held in Mechanics Hall, Worcester, Wednesday, May 23, 1917

ANNUAL SESSION.

The representatives met in Mechanics Hall at the Thirty-Eighth Annual Convention of the High Court. These officers were present: High Chief Ranger, George T. Daly; High Vice-Chief Ranger, James H. Benson; High Secretary-Treasurer, Daniel H. Maguire; High Senior Conductor, John W. Connelly; High Junior Conductor, William H. Thomas; High Inside Sentinel, William J. Sullivan; High Outside Sentinel, George F. Dorman; High Medical Examiner, Francis J. Hanley, M.D.; High Chaplain, Rev. James H. O'Neil, LL.D.

The Session was called to order at ten o'clock by High Chief Ranger, George T. Daly, who asked the High Chaplain, Rev. James H. O'Neil, to offer prayer. The High Chief Ranger then announced that the regular order of business would be suspended to give the delegates an opportunity to listen to Rev. Joseph N. Dinand, S.J., President of Holy Cross College, who had been escorted to the platform by Past High Chief Ranger John F. Harrigan.

ADDRESS OF REVEREND JOSEPH N. DINAND, S.J.

I appreciate very deeply indeed the honor that has been conferred upon me this morning in having the established Order of Business suspended in order that I may have the happiness of saying a few words to the assembled delegates from all over the State of Massachusetts to this, your annual convention. I

hardly was prepared for the distinction that is mine this morning, because yesterday I was very quietly and peacefully wending my way to Boston to see my Superior, when one of your very active members in Worcester forestalled me and asked me if I would not come here this morning.

Well, Mr. John Harrigan has such a winning way about him that no one can gainsay anything John wants, and he has always been such a hard and willing worker that I don't know what you would have done to me if I had failed him.

Yet, nevertheless, it seems to me that a College President, a man who has the responsibility of bringing up your sons—in a certain sense—and the sons of other Catholic parents, not only in Massachusetts, but in all the States, ought to have something to say to a Catholic audience such as this, and especially, too, at such a time as this in our national crisis. And so it has seemed to me in reading of the necessity of the times the great mission of a college to-day is a double-purposed one; for I think that what the nation needs, especially in this democratic form of government, a government so open to every influx of civilization and the incoming influences from all over the world, that a democratic institution such as ours needs first and foremost a good, healthy public opinion. In these days, when monarchies are not secure upon their thrones, in these days when no form of stable government seems sure of its footing, when even ancestry has no secure position for its own to-day, it seems to me that the eyes of the world are looking toward America, for we have always stood up as the champions of a republican form of government. In fact, we claim that never until this great empire of the Western world took its rise was liberty rightly understood among the nations.

It was in pursuit of this great boon of civilization that your fathers and mine came here in quest of peace of conscience and pursuit of happiness; and, therefore, we have formed and founded here, who were the founders of these United States, a form of government which, under God, we hope is going to endure to the end of time. No form of government is so dependent upon its people as a republican form of government. For the very essence of a republic is that it is governed by the consent of the people. Therefore, popular will is the foundation upon which this government must rest. Therefore, you and I understand

the vital necessity there is for the maintenance of the superstructure which should be rock-ribbed and immovable in order that when difficulties arise, when wars and rumors of wars shake the country roundabout, it will not disturb the fabric of this government because it is founded upon a rock, and that rock is Public Will. This is the essence of our form of government, therefore it is an absolute necessity that we see to it that the popular will is sound, is sane, is fair in its attitude toward every form of command.

Our great Church, with her magnificent history of the past, needs no apology for her existence in any form of government. The great Catholic Church has always been, and if she is true to her conscience, to Almighty God she must be, the bulwark of every form of government; and she is to-day the bulwark of the American government, and there is no one that realizes that better to-day than the American people themselves.

The nation is an aggregation of families. The nation is not a body distinct and separate from the people that compose it. Its strength is its people's strength: it has no other strength beyond that. Its ideals are the ideals of its people. Sometimes we imagine it is a body independent and superimposed upon the people, whereas, if we analyze it, the nation is nothing else but an aggregation of families, your families and my family and our neighbors' families joined together. Therefore, the foundation of the nation is the family life, and any evil that attacks the family life undermines the foundation of the nation. And the Catholic Church has ever held her hand safeguarding the family life as inviolate and holy.

Consequently, an education must be taught and given to her children to make them appreciate the position that is theirs in life and the destiny that they have to fulfil. Consequently, my dear friends, it seems to me that the mission of a college, and the mission of a Catholic college, is one of high purpose, namely, to form and to fashion this public will, this popular will that is going to be the foundation of our republic. The public mind must be educated, it must be brought up to realize the high principles, the moral purposes of life, and the only influence that can do it is a body of men within the people who realize these principles and are trying to live up to them every day of their lives.

That is what your sacrifices have meant in the past, and to-day, when you send your children to your Catholic schools to be educated in the truest and the highest sense of that term, and your children, the product of our Catholic school system, our intermediate schools, colleges and universities, going out into the body politic, will leaven the mass to a full appreciation of what our real American citizenship means.

And that is the mission of the Catholic college to-day, to send back into the world men of purpose, men of principles, men of faith, and men of sound morality. Without this form of training you may educate America to the highest form of intellectual activity and endowment possible. You may spend every form of investment upon intellectual culture and refine our people as much as possible and think that you have done it all. Far be it from me to claim for the colleges any such thing as an intellectual merger and a syndicate of intellectuality. Before the colleges were, your fathers and mine knew not what it was to have a university, or a college education; but they were men who builded their character, who builded their minds into the very fabric of the nation, and what she is to-day, a glorious thing, is not so much due to the intellectuality of the nation as to the moral fibre that went into it from these men who came across the sea to seek their liberty and pursuit of happiness here under the flag that gave them religious and civil liberty. But they would have been better had they had our opportunities, and because they have done glorious things in their land without the opportunities that their children have had, they would have done noble things had they our opportunities. Therefore, we are their interpreters and we must give back to their memories and to the country the greater fruits of our education. Therefore, let our Catholic youth mold public opinion, teach it a proper attitude to view all questions. No matter what the politics of a nation have been, whether they be Democrats or Republicans, it matters not what their form of politics may be, their ideals must always be the same and their appreciation of truth and they, educated, will educate their fellowmen to the high ideals set before them.

But there is another element far more important than that of forming public opinion, though great indeed is that. The man who develops an individual merely from an intellectual point of

view, endowing him with all possible gifts of mind, is very much like the man that chisels in bronze. He may fashion as beautifully as his genius inspires him, and when he has finished it he may stand back and view that statue, the work of his hands, and he may say in his heart, "Here is a safe depository of American principles and American liberty"; and, like Angelo of old, before the statue of Moses, he may strike it and cry out, "Moses, speak!" So, too, we might stand before a beautiful statue chiseled out of American manhood, and standing back we might cry out to him, "Speak, America, speak!" and the lips would remain silent and the eyes dull, and the brass heeds not. It may stand there as a beautiful statue to light the pathway of your ships as they come in and go out to sea, but it will ever remain a statue, a Statue of Liberty and nothing more. Endow it with a soul, put the vivifying principle of life into it and then you have a completion of the handiwork that God intended us to be, then he is ready for his mission.

And what is this spirit that we put within him? It is the character of the man, or the woman, or the nation.

And I am glad I said that. The character of the women of the nation. For we are told that America's greatness is not in her empires, or kingdoms, or teeming treasures, or her wealth piled high in her treasuries. No, it is in her manhood. But I would go beyond that in our Catholic faith and say that the whole sanctity of American life is in her American womanhood, for the manhood of a nation is what the womanhood makes it, and nothing more. For it has never been assailed, that old truth that "the hand that rocks the cradle rules the world." No, tell me of a nation's manhood and I will tell you of a nation's womanhood, for that is our glory, and that is what our Catholic women are living up to to-day and realizing every day the high destiny that belongs to them, to shape the American manhood of the future.

Admiral Winfield Scott Schley on one occasion, in the South, was presented a sword in recognition of his bravery and accomplishments at Santiago. Through some oversight the inscription was put upon the scabbard; and when they presented this beautiful sword and scabbard, he took it in his hands and courteously bowing his appreciation said: "There is one thing I wish could have been changed and that is that the inscription, dedica-

ting this sword, could have been put upon the blade and not upon the scabbard, for in battle we throw away the scabbard, but never throw away the sword."

So it seems to me that the nation that is educating intellectually its people is but inscribing its name upon the scabbard of life; but the nation that educates the character and the souls of her men is inscribing upon the blade, the sword that we shall hold in our hands and probe our way to the victory that will come at the close of life. This is character. This is what we are trying to do in our Catholic schools in every part of this broad land, and Massachusetts holds up her head to all the States of the Union in her devotion to Catholic education, and she is pouring out her finances, her opportunities, her gifts and wealth, to make possible the education of her sons and daughters in order that they may be men and women of character, doing their duty by the State and by their God. Our Catholic school system has been the admiration of the world, the admiration of the American world, for they are thunderstruck and they wonder how we can do it. They know we have no endowment; we are not like the great universities of the land with their Chairs of this and their Chairs of that, with their Foundations for this and Foundations for that, making possible every form of research work, throwing out every possible avenue of investment and the pursuit of knowledge. But the Catholic school system still goes on and it is doing its work silently, without the aid of government support, without endowment; and the wonder is, how in the name of God it is done. The men and the women who have devoted their lives to the education of your children are not salaried. They have no Old Age Pension provided for them by a Carnegie Fund. They have no opportunities given to them for a surcease of their labors. They are given no Sabbatical Year. How is it done? My dear people, members of this grand Catholic Order, you know how it is done and I do. We have a Foundation that the world does not appreciate, we have a Foundation that goes beyond the Carnegie millions and the Rockefeller Foundations. It is an endowment of souls and lives and minds and hearts and intelligences, building their lives into the lives of your little ones until they bring them up to men's and women's estate and send them forth to do their work for God and native land.

The great Sisterhood of these United States, the teaching brotherhoods, the teaching priesthood of these United States, where is their endowment? If they were paid the salaries we give our public school teachers, or the professors in our universities, do you think our Catholic system would live for a week without Government support? And you doing a double duty, paying the burden of your taxation for your public schools and out of your private funds sustaining these Catholic institutions because it is a matter of conscience, and to safeguard the morals and the life of your children, and therefore you are willing and ready to subscribe to the last dollar to make sure this foundation. This is our endowment and it will go on to the end of time, for men will come, and women will come, who are prepared to lay down their lives in the education of our Catholic youth, who will give every possible opportunity to the youth committed to them, to widen their minds, and stimulate their souls, their zeal and purpose of life which only the Catholic college, or High School or Academy can do, and where they are being prepared in the proper way to take their places in this world. And looking around us to-day, and knowing the list of our alumni and alumnae of our colleges, I feel that the Catholic school has nobly done its duty and we can hold up our heads with honor in any position in these great United States.

I think I have trespassed beyond the bounds of your patience. I have certainly gone farther than I expected, but you listen so well you would tempt any man to go on.

As I see on the platform here no officer of our civil government, though I wish someone were here to bid you welcome to the Heart of the Commonwealth, still I think I may be pardoned, as a citizen of Worcester (pro tem), for extending to you the hospitality of the great heart of the Commonwealth, because I know it is big and generous and wide and deep, but warm only in Catholic circles, especially to Catholic audiences because wherever you go and meet your own you feel a hearty sympathy and accord with you. In the olden days it was the ambition of the Roman emperors to possess temporal as well as spiritual power; he wanted to be the high priest as well. So to-day you will pardon me if I have that ambition, so I welcome you in the name of the great city of Worcester and of our college on the hill, a hearty, sincere and cordial welcome to Worcester.

At the conclusion of the address of Rev. Father Dinand, which was listened to with marked attention by all delegates present, on motion of Rev. Dr. O'Neil, High Court Chaplain, seconded by Past High Chief Ranger Joseph T. Brennan, it was unanimously voted a rising vote of thanks be extended to Rev. Father Dinand for the highly instructive and patriotic address which he had delivered.

The High Chief Ranger then called upon the High Secretary-Treasurer to read the call of the Convention, which was read as follows:

ADDRESS OF REV. JAMES H. O'NEIL, LL.D., HIGH CHAPLAIN.

REPRESENTATIVES OF THE 38TH ANNUAL CONVENTION OF THE MASSACHUSETTS CATHOLIC ORDER OF FORESTERS:—

Sister and Brother Foresters; Dear Delegates:

For the thirty-eighth time we gather for our annual convention. How short seem these years and how quickly passed! Measured in days, weeks and months, they are indeed short, small and insignificant, but measured and weighed by the scale of good works performed for our fellow-man, they are vast and their influence is to-day felt in many homes and by many firesides. Years count not in the lives of individuals and societies, only the amount of good accomplished.

One may live a long time in a short space. A whole generation has passed since our founders met in the Cathedral and organized this society. Only a few days ago we consigned to earth, the bodies of two of the Fathers of Forestry, Brothers Sullivan and Lawler. What a consolation it was to those good men to have witnessed the fulfilment of their ideals and the realization of their fondest hopes.

Our generation is passing! Are we alive to the opportunities of daily doing some good? Our foundation was well laid by honest, Christian men (God bless them). The superstructure is daily rising in grand magnificent proportions. Are we doing our part in its development?

Our revered founders left us sturdy virtues. They persevered under most depressing conditions, and circumstances that would have deterred less courageous souls only nerved them forward in their good works. They were few in numbers, but an army in zeal. They stood for Unity, Fraternity and True Christian Charity. They stood for Forestry, first, last and

always—they infused into the infant organization a life and strength that overcame all obstacles and made it what it is to-day—a model for all similar societies.

Are we of this day, this age, this generation, loyal descendants of these men? Are we as zealous in our holy cause? Do our hearts go out to our work as did theirs? Are we, each and every individual who are deriving the benefits and the results of their labors, are we I say, doing what is expected of us? In some instances, I fear not.

Of late there has come into our ranks a spirit that does not operate for the best results. Individualism is taking the place of team work. A narrow, constricted disposition is showing itself in some Courts—to rule or ruin seems the motto of some aggregation of small souls that have crept into our midst. Witness the condition of some courts; for some years they prosper, grow in strength of membership, in finance and in capacity of good doing. Suddenly the demon of unrest, of discord, of petty strife comes on the scene and all is changed. No large increase in membership. The financial condition is impaired and activity for good is at a standstill. What is the remedy? A deep, personal, individual interest and labor for the general good.

To-day we are too strong to be ruled by any individual or cliques of individuals. We have outgrown such petty things. Our work is too great to be hampered by such narrowness; our object too noble to be thwarted by the designs of contracted souls. Our work is providing for our dependents, to protect the orphan and widows, to clothe the naked, to feed the hungry, to house the fatherless. Our end is to promote Christian Charity, to practice almsdeeds, and we point with pride to the vast amount of praise-worthy deeds that grace every page of our history for the past thirty-eight years.

As we enter into another year of our existence, every delegate should resolve to renew his zeal in our noble labor and cause of humanity. Look alive to your opportunities of doing good; you are passing this way but once, strew your pathway through life with some flower of goodness. Sacrifice self for the greater good of the greatest number.

Be unselfish in this work.

Be devoted to the cause.

Inflame your hearts with zeal and resolve not to permit a day to pass without making an effort to do something that will increase our membership.

Brother and Sister Delegates you to-day face a solemn duty. You must not imagine that a Foresters' Convention is all play. You have been sent here to use your brains for the interest of Forty-Three Thousand members, and these Forty-three Thousand people represent at least the interests of Two Hundred Thousand more. Contemplate, if you please, what this means; a well being of over Two Hundred Thousand souls; the well being of that organization whose welfare you have come to guard and whose interest you are to conserve.

Shall this Annual Session go on record as one whose wisdom has advanced our cause, whose foresight has promoted our interests? Shall it go down in our archives like its predecessors, marked by wise enactment of laws that shall benefit the rank and file of this Order? Shall the Courts that sent you praise you for your day's deeds or shall the contrary be recorded in our annuals? On each individual delegate rests a sacred duty. Were one here present to so far forget himself or herself as to be heedless of the great interests involved, it would indeed be a misfortune. It is to be expected surely that different temperaments and different dispositions shall take divergent views of the same subject. 'Tis well, for, by mutual discussion of our interests, is brought out that which is best. But in our discussions, keep in mind that we are a body composed of Christian men and women. Let moderation guide your tongues and let charity animate your souls. Let true friendship and unity be the watchword of these deliberations. Personality must sink into insignificance and politics must be tabooed, for we are a business organization, bound together to protect one another and advance our mutual interests.

Our past year has been one in which we may well take pride. Financially, socially and successfully have we advanced the interest of our great Order. Let me say to you, representatives, that if you look for a cause for the success, under God's guiding and care and blessed providence, you will find it in the devotedness, self-sacrificing, patient labors that have been done by the members of your High Standing Committee, of which I have the honor and pleasure of being Chaplain.

To the men elected at your Thirty-Seventh Annual Session, to the men who, late and early have travelled the length and breadth of this Commonwealth; to the men who have sacrificed their home and personal interests for your welfare; to them, I say belongs the meed of praise that I lay at their feet.

To-day the watchword is "What is Best for our Order?" Shall we fill with honor to himself and credit to our organization, positions which to-day shall fall vacant? Truly and surely the time has come when no man or no coterie of men can retard the grand progress that Catholic Forestry is destined to make. We shall advance by the blessing of God and the approval of our Cardinal Archbishop.

Wisdom should dictate that the best men that can be found in our ranks shall be our Generals, the wisest men to be our guides, the most prudent men to be our superiors. We shall elect them with no other consideration save their ability to guide our destiny and direct this great organization. For me, your humble Chaplain, under the direction of our great Archbishop, it is simple to say, God bless you and may His Divine Spirit direct you in your efforts to-day to advance our interests, so that future conventions and future members may rise up in thousands strong, praising us for our zeal and blessing us for our prudence.

The black cloud of cruel war is hovering over us, already it is casting a shadow over our country. What will be the outcome no man can tell. The all-seeing Eye of God, who peers into the centuries and His all-powerful hands that sustain the world will guide and direct us. God is our King—in God we trust.

But be assured of one thing, that while gathered here in peaceable pursuit of advancing our interests that we are not losing sight of the great issue. Our eyes are open to the gravity of the situation, and we can all fight as well as pray and deliberate. Our God and our Country, our altar and our homes, our wives, children and dependents we are saving, and we labor and toil for them, and if it must be, we'll fight for them.

On this auspicious occasion we pledge our hearts and loyalty to our Holy Father in Rome, to our beloved Cardinal Archbishop and we send to our President, Mr. Wilson, our heartfelt, unyielding loyalty and devotion.

On motion of the Past High Chief Ranger, Daniel A. Cronin, of St. Joseph Court, No. 11, seconded by Brother Michael J. Shannon of Williams Court No. 19. It was voted that the address of the High Chaplain be accepted and spread upon the records.

The High Chief Ranger instructed High Inside Sentinel, Brother William J. Sullivan, acting Conductor, to escort Past High Chief Rangers Cronin, Harrigan, Dugan, Clancy, Brennan, Fennessey, Dignam and Fathers Farrel and McLaughlin of St. Peter's Church, Worcester, to the platform.

Brother Lanigan of Cathedral Court No. 1, Chairman on Committee on Credentials, reported for the Committee, as follows: Convention when complete is entitled to 868 delegates, representing 241 subordinate Courts: Credentials have been received from 626 delegates, representing 200 subordinate Courts. On motion of Brother Driscoll of Lafayette Court, No. 14, seconded by Brother Shay of Essex Court No. 16, it was voted the report of the Committee be accepted as of progress.

ADDRESS OF GEORGE T. DALY, HIGH CHIEF RANGER.

TO THE REPRESENTATIVES ASSEMBLED AT THE 38TH ANNUAL
CONVENTION OF THE MASSACHUSETTS CATHOLIC ORDER OF
FORESTERS:—

*Respected Chaplain,
Sister and Brother Foresters:—*

To-day as the High Court of the Massachusetts Catholic Order of Foresters we assemble in convention and it would seem proper that the first act to perform would be the duty of the hour—that of inculcating patriotism of a type which will cause all Americans, both native and naturalized to stand by our Country and its institutions in times of stress as well as prosperity. The duty is that of emphasizing American principles and American ideas.

The ends which we have accomplished, the freedom which we enjoy, the opportunities which to-day are open to those willing and capable of accepting them, these stand without a parallel

among the nations of the world. Should we not appreciate them? Should we not join in strengthening the government and the institutions which to-day foster them and which promise even greater benefits and advantages for the years to come?

We are all too prone to lose sight of the blessings we enjoy. In time we accept them as but a natural right and fail to give credit to the systems or the institutions under which such ends are made possible. In so failing to recognize the source from which such beneficent results are afforded, do we not throw ourselves open to the charge that we are a thankless and heedless people? Do we not thus lose much of the advantage forthcoming as a result of the forms of operation enlisted in our behalf? Should we not strive to ever merit that which we to-day enjoy and make ourselves more worthy and earnest proponents of that under whose banner we are enlisted.

We may properly petition that God, taking pity on the world, may show some way, where man can see none, whereby concord between the nations may be restored. The teaching and the testimony of human experience is that prayer is effectual. It sets a great and positive force in motion to accomplish the thing which is rightfully and ardently desired. We may assume that its action, like that of every other force which we have been able to discover is under immutable law. Leaving the means and the end with God, we may earnestly petition that He soften the hearts of men and flood them with pity for all to whom this war is bringing sorrow. At the same time and with certainty that the results will be more than visible to ourselves, we may pray that hatred be banished, that pride and selfishness be placed under proper restraint and that we be inspired with a desire to contribute in all ways possible to lessen the horrors of this unspeakable conflict. We cannot know how, or how much our supplications and our intents, outflowing in sympathy for all who suffer, may hasten the return of peace. But if we may be sure that in our earnest effort and desire that love shall overcome hatred in the hearts of all men we shall be working in harmony with the Eternal Purpose.

The supreme test of the nation has come. We must all speak, act and serve together. In response to the call of President Wilson, let us do a share by thrift in the home, watch waste, make home gardens and back yards productive.

As the chosen representative of the Order, it is my pleasant duty to extend to you most cordial and fraternal greetings. It may be said that while the gain in membership has not been quite as large as the year preceding, the condition and standing of the Order has been much improved so that we are far in the lead as the largest and staunchest Catholic Fraternal Insurance Society in Massachusetts.

With pride and satisfaction I extend my congratulations to the loyal members of our Order who by their active works and co-operation with the High Standing Committee have made possible the payment of the largest amount in death claims and have placed in the Emergency Fund the greatest sum in the history of the Massachusetts Catholic Order of Foresters.

The position and duties of the High Secretary-Treasurer make him the real executive of the Order. To Brother Maguire and his capable assistants in office I can but repeat the words of the Insurance Department's report—that our administrative expenses were extremely low and that we should be proud of the manner in which our business is conducted at the headquarters.

For years the office of High Medical Examiner as conducted by Brother Dr. Francis J. Hanley, has been a most important factor in keeping our Order in its present sound condition. I hope he may be spared to us for many years and that all will appreciate his good service for the careful and conscientious management of this important department of our business.

We should congratulate ourselves on having in the offices of High Secretary-Treasurer and High Medical Examiner, Brothers Maguire and Hanley and it would be a great loss to the Order if their services were lost.

I would especially recommend the careful reading of both of their reports as they contain most valuable information; especially for those who desire to be real apostles of our great fraternity.

We are fortunate in having the kindly assistance of his Eminence, William Cardinal O'Connell, of the Right Reverend Bishops of the diocese of Springfield and Fall River, of the Chaplain General and the Spiritual Directors of the Courts and of the revered clergy of the Commonwealth who have for years contributed so much for our good. I voice the feeling of the entire Order that our Chaplain General, Rev. Dr. James H. O'Neil may continue his active and valuable services for the organization many years to come.

DEPUTY HIGH CHIEF RANGERS.

Deputy High Chief Rangers have in the main given generous assistance. Their duties are of an exacting nature and require unceasing vigilance in the maintaining of honor and integrity of those interested with the financial affairs of subordinate courts as well as inspiring on the part of officers and members due regard for the proper increase in membership and conduct of the affairs of the Court.

DEGREE STAFFS.

It is a source of pride to all that the splendid attendance at installations and initiations has been due in a large measure to the presence of degree staffs. Deterred neither by cold nor stormy weather, neither by distance nor inconvenience in travel, these faithful Sisters and Brothers have done their share to lend additional interest and attractiveness to the ceremonies.

We should encourage in every possible way the efforts of those who are doing so much in a practical way for our Order. I repeat what has been said before, that when a Court demands the services of a Staff, that Court should bear part of the expenses.

RITUALISTIC WORK OF THE ORDER.

At the 37th Annual Convention the Committee on Ritual reported recommending in part that the State be divided into Districts, and Class Initiations be held quarterly in each District, and that certain changes be made in the Ritualistic work of the Order. The Convention voted to refer the entire matter to the High Standing Committee. In compliance all Courts have been grouped under the supervision of Masters who make all arrangements (subject to the approval of the High Standing Committee) that are necessary for the carrying into effect of joining Class Initiations in their District.

In October, 1916, the work started in the 33 Districts. There have been many Class Initiations since then, and without exception, they have been successful, in several districts there being over 100 candidates enrolled. Large numbers of the members attend and a spirit of enthusiasm is infused among old and new members. I believe as time passes and the spirit of these exercises are broadened, greater interest may be obtained.

It is well to encourage a continuance of these classes, keeping in mind the desirability of securing candidates as much under 30 years of age as is possible. All Courts, officers and members, especially Deputies should co-operate with the Masters in this work that a large class of candidates may be obtained in every District in the Order. The Masters will not interfere with the duties of a Deputy or the workings of a Court. The changes in the Ritual as suggested have been complied with and are embodied in cards to be forwarded to all Subordinate Courts.

Publicity is to-day a potent factor in the growth of Fraternities. To that end it behooves all to use every possible means that the M. C. O. F. will be in evidence at all times in every section of the State. The day that will see the establishment of an official organ that will carry the gospel of Forestry to all will be a bright one. I hope and look for an official paper soon.

The various Courts are closely connected with movements for charitable and educational purposes within their localities. If any Court is not helping these projects I should urge their doing something to further them. We are large enough and strong enough, and yet not too big to unitedly encourage Catholic endeavor throughout the State. Let each Court do what it can in its own locality in this respect.

DELINQUENT CHILDREN.

Five years ago in convention the Massachusetts Catholic Order of Foresters pledged its moral and financial support to this great work of looking after wayward children. I assure you that the generous and hearty co-operation of the M. C. O. F. in this splendid cause is a matter of sincere gratification to His Eminence the Cardinal and the Rt. Rev. Bishops of Springfield and Fall River.

I would urge the delegates to study the report of the M. C. O. F. League for the protection of delinquent children and note how many of the Courts have not responded. We are doing a great work in paying death benefits. Let us do something for our boys and girls that need help. Keep up your enthusiasm as the Church is working with you. Every Court in the Order should be on that list a year from now.

FEDERATION OF CATHOLIC SOCIETIES.

The wisdom and results of the Order's connection with the federation of Catholic societies has been demonstrated in many ways.

At the last convention of Federation held in New York City, August, 1916, it was an honor to be of the delegation lead by the most commanding figure in attendance, His Eminence, our Leader, Cardinal O'Connell who desires all to join in the work of federation.

As your national delegate it was my honor and great privilege to represent you in the proceedings of the Convention. I was invited to read a paper on our Order's connection with the Delinquent Child Movement. Your plan of work was presented to the Convention and the M. C. O. F. Movement is being copied in many places in the United States. The work is worthy. May it spread!

MORTALITY.

With the increasing age of the Order, as a whole the average age of our members will increase.

If we are to keep our mortality consistent with safety, we must have increase in membership, especially of the young. There must be careful selection and examination, relying upon a rigid compliance with our rules and regulations. It should be borne in mind that even the prompt payment of just dues is not your obligated duty fully performed. Unless you do your part in protecting not only yourself but your Fraternity by getting members, you fall short of being the best sort of a Forester.

SUSPENSIONS.

The greatest source of loss of membership is the large number of suspensions that occur from year to year. The only cure for this seems to be greater activity on the part of Court Officers. They are in close touch with the members and know the conditions, and with proper work should be able to retrieve many of the members who through their carelessness or neglect allow themselves to become suspended.

It is as much benefit to the Order to prevent suspension and secure reinstatement as it is to gain new members. The High Court must depend on the Subordinate Courts to remedy this unfavorable condition.

I would suggest a Retaining Committee to investigate and hold all members, if possible. Do not let one be dropped without investigation.

Our Order is 38 years in business and still retains the leadership among the fraternal insurance societies of Massachusetts. It behooves us to prepare for the future; therefore it is incumbent on us to look to the future. It was wise legislation when the Convention voted two dollars yearly for the Emergency Fund.

In line with preparedness, I recommend that this year we send out 12 assessment calls for the Mortuary Fund. I feel that the loyalty of the members will make no complaint at this small contribution that will enable us to meet the just mortuary claims of our great protecting fraternity.

GOVERNING BOARD.

The government of our Fraternity is the source of its strength in giving the members control of the management in regulating rates of contribution and recommending that aid and assistance be provided. This form of control is the foundation of the M. C. O. F. It is composed of the members that represent democracy in its true sense.

For years the Order has been fortunate in securing members for the High Standing Committee who possessed ability, character and sacrifice. We must continue to have a Committee that is able to give time, sacrifice and ability to the principles that we stand for.

Thank God we have had such men as O'Sullivan, Galvin, McLaughlin, Watson, Fennessey, Dore, Murphy, Shay, Doherty, Doody, Cronin, Reardon, Murphy, Bonning, Harrigan, Duggan, Dignam, Maguire, Clancy, Buckley and Brennan that gave their all for the Order.

It is not safe, or fair to the High Chief Ranger that the legitimate demands that are required should be made at the sacrifice of health, home and business, without proper compensation.

NEW COURTS.

The State is pretty well covered in the matter of Courts, but conscious of the many thousands that are not protected by our great fraternity, efforts have been started in localities that in

the near future will be in the fold, and all members of the Order should be ever on the watch for a place or parish in which might be established a new Court of the Order.

TRUSTEES AND SECURITIES.

The Trustees of the High Court for years have been active and zealous in the performance of their duties in relation to the Emergency Fund and its investments.

Where needed after inspection of the estate mortgaged, repairs suggested have been completed. The Order should appreciate the readiness with which Brothers Burke, Wirth and Lynch have sacrificed their personal affairs for the benefit of the Order. It is not fair to the Trustees or to the Order that the vast amount of work and responsibility should be demanded of them, especially without compensation.

The subject of investment is most technical; the highest paid ability in the business world is centered upon it. Even the experts disagree in the value of placing money in Government, State, County or City Bonds or other securities.

We are a millionaire society and we should allow the Trustees to have proper compensation for the time given and valued service rendered, in placing our money to the best advantage.

AUDITING.

A most serious problem confronting us is the Auditing of the books of subordinate courts.

The Bonding Company stipulates that the accounts of our financial officers shall be audited in accordance with the Constitution. There have been times when over 100 Courts have failed to make the return as demanded by the Constitution, to the High Standing Committee, thereby tending to invalidate the bond.

Our financial officers are elected (or should be) because of their honesty and ability. The confidence of our members demand that the books be examined by a searching inquiry and at regularly appointed times. By so doing it will assist in safeguarding the reputation of the Court and the individual as well as the money. As a member of the High Standing Committee I have seen much that should be improved.

His Eminence, William Cardinal O'Connell, at our Convention said those who have charge of money must remember that it is a solemn trust. They must answer seriously for it. Aside from the money loss great scandal is created whenever trouble comes. I am satisfied that the Order should have an official auditor for the Subordinate Courts, who would be under the supervision of the High Standing Committee.

COURT MEETINGS AND OFFICERS.

It is a well recognized fact that the success of the subordinate Courts is determined by the attendance of members at meetings.

The average member finds no attraction in attending the Court meetings merely to dispose of ordinary business, and I urge Courts to offer social and intellectual entertainment in various forms.

Many are conducting base ball, bowling and other forms of entertainment.

It is wise to spend money to carry forward the work of the Order. It is unwise to have extravagance. There is no attribute which is so helpful as economy, it creates earnestness that makes for practical work for the benefit of members and our beloved Order. Would recommend the practice of inter-visits among the subordinate courts that the members may become better acquainted with the sisters and brothers in our ranks and take advantage of the real living fraternity that is ours for the seeking.

ASSOCIATIONS.

The very basis of fraternity rests on team work, that unites for the well being of all.

Here it is that the common burdens and opportunities are assembled and all are called upon to participate. Surely there is opportunity and duty for all.

This sort of work was appreciated and carried to completion when the first Past Chief Rangers Association of the M. C. O. F. was started in Springfield and has brought into being a Domestic Circle Club which has resulted in a spirit of unity that will be productive of good for the Order and members.

The seed planted at Springfield has produced abundant fruit in the formation of other live Associations, Clubs, etc., in Boston,

Worcester, Holyoke, two in Essex County and one in Bristol County.

The Knights and Ladies of St. Rose own and occupy the building at 17 Worcester Street, Boston, where are located the offices and headquarters of the Order.

I would suggest the formation of such auxiliaries, as I am convinced they may be of important aid to our Order.

WOMEN.

To the credit of Past High Chief Ranger, Captain Jeremiah G. Fennessey, women were admitted to membership in 1894. Accepting her as a coworker she has found full scope for her innermost desire to comfort and console and ample room for the exercise of her inherent right to ameliorate, mother, and manage the affairs of Home and Order. The importance of women in our society cannot be denied. She is to-day a dominant factor in the conduct of the organization. With the same loyalty that she has given to her fraternity, she has given to her flag all over the State, when the call of patriotism came, and has been to the forefront in active work and support.

WHOLE FAMILY PROTECTION.

One of the constructive measures facing fraternal insurance societies to-day is admitting children. It is a feature of protection in which the large industrial companies have a monopoly, insuring in the United States about 27,000,000 children for many millions of dollars. They charge high premiums which are paid by those of fraternal connection that would rather have the insurance assumed by their own fraternity if so permitted.

When the first fraternal insurance organization was instituted, 48 years ago, it was not contemplated that woman should be other than a beneficiary. To-day a woman, if eligible, can join almost any Society or an auxiliary of the men's societies.

Women have built Orders of their own which are among the most successful of fraternal benefit societies. I would suggest that you consider this proposition in the same light as did those of 1894, when they made it possible to give us the splendid women we have in the fold to-day.

IN MEMORIAM.

Captain Denis F. O'Sullivan, First High Chief Ranger and Florence A. Lawler, First High Secretary of the Order have both been called to their eternal rest since our last Convention, and as they had taken an active part in the inception of our Order, so did they continue until their final summons by Almighty God, and who can tell the source of joy and gratification which they must have felt in realizing the great volume of good which had been accomplished as results of their efforts. They had seen the Order grow from its humble beginning to its enormous proportions.

We join with all in the prayerful supplication that Almighty God in His merciful goodness has had mercy upon their souls. May they rest in peace!

With this report I complete five years of membership on the High Standing Committee.

I assure you I am conscious of the wonderful bond of fraternity and friendship that I hold dear.

I have endeavored to advance the interests of the Order and its members.

I am proud of the record made by the Order and the position it has attained among the great organizations of Catholics.

There is a goal to reach which I am sure my successor will strive for, and I assure you and him that I will help all possible to reach the goal of his ambitions.

I regret the severing of active relations with the members of your governing board. While I have had shortcomings, I have given of my best while in the great office of High Chief Ranger.

In retiring from office I thank you sincerely for all the honors conferred on me and my earnest wish is that this great fraternity for good among our people may grow and prosper.

High Vice-Chief Ranger, James H. Benson, in the Chair.

On motion of Brother John J. Sheehan of Cathedral Court No. 1, seconded by Brother Morse of John Henry Newman

Court No. 83. It was voted that the address of the High Chief Ranger be received and referred to the committee on state of the Order.

REPORT OF HIGH MEDICAL EXAMINER FRANCIS J. HANLEY, M.D.

AT THE THIRTY-EIGHTH ANNUAL SESSION OF THE HIGH COURT
OF THE MASSACHUSETTS CATHOLIC ORDER OF FORESTERS,
WEDNESDAY, MAY 23, 1917.

Sisters and Brothers:

It is my pleasure and duty to present the Annual Report of the Medical Department for the year 1916.

The appended tables contain a store of valuable information, and are in fact our very history. You are urged to study them and by so doing, become acquainted with and interested in this very important part of our work.

Your attention is called to the fact that this year 1916, our death rate is 12% as against 11% in 1915. This can be attributed to the large number of deaths in members of advanced years of age, which must henceforth be expected in proportion to the added years. This year nearly 60% of the total deaths occurred in members of this class.

EARLY DEATHS.

Deaths in members less than two years in the Order are fewer than for several years, notwithstanding the increase in the total number of deaths. Five of these occurred in members less than one year in the Order, eight between one and two years. Thirteen in all. A splendid tribute to the efficiency of the Medical Examiners, whose faithfulness to the best interests of this great fraternal is worthy of special notice, and, to them I wish to extend sincere thanks for myself and each and every member of the Order.

Each succeeding year we have made a special effort to impress, upon the officers and members of subordinate Courts, the necessity for using at least ordinary care in investigating applicants for admission to our Order.

Our experience, in dealing with the Mortuary statistics of the Order, has convinced us, that, were this important part of the work properly taken care of the results would show a decrease in our death rate. We regret that despite all efforts there has been no response. The reports of investigating committees are of no value and not to be depended upon, not a single rejection last year from an investigating committee report, though the above table shows a large number of the rejected applicants who should never have been allowed to go to the examining physician, had those entrusted with duty of carefully investigating applicants, as well as those proposing, attended to that duty properly. It is a duty every member owes to himself, as well as to the Order, to see to it that no one not properly qualified is allowed to gain admission. Your Medical Department is

doing all it can and if you will but do your part we are confident the results will prove the value of the assistance rendered.

To-day our beloved country is in a state of war, and, in consequence, we are confronted with what promises to be a most serious situation. With men's minds directed from the usual thoughts we must ask ourselves, what effect will these changed conditions have upon our future. Certainly we must be more alert than ever, our latent energies must be brought forth and utilized in the interest of our Order, to the end, that if extra obligations are imposed upon us we may be prepared to meet them. That we will succeed in overcoming all difficulties and meet every obligation, is to my mind a foregone conclusion. If we are called upon to make sacrifices we will not be found wanting, and, when this era of strife is over and peace and contentment are restored to our country and our homes, we may proudly look upon our most trying period as our most effective, and our beloved Order will stand where it stands to-day, a sure haven for protection; a noble example of the stability of Fraternal Insurance as exemplified by the Massachusetts Catholic Order of Foresters.

Respectfully submitted.

FRANCIS J. HANLEY,
High Medical Examiner.

On motion of Sister Patterson of St. Clare Court No. 106, seconded by Brother Cronin of Worcester Court No. 59, it was voted that the report of High Medical Examiner be received as printed, and referred to the Committee on State of the Order.

REPORT OF THE TRUSTEES OF THE HIGH COURT.

Sisters and Brothers:

The Trustees of the High Court beg leave to submit the following report for your consideration:

Balance in the hands of Trustees, December 31, 1915	\$752,969 35
From High Secretary-Treasurer, Emergency Fund...	87,144 00
Transfer from General Fund.....	10,000 00
Net Earnings from investments for 1916.....	31,762 48
	<u>\$881,875 83</u>

Invested as follows:

First Mortgage Loans.....	\$228,565 00
Municipal Bonds, cost price.....	651,426 87
Old Colony Trust Company.....	1,177 34
Union Institution for Savings.....	706 62
	<hr/>
	\$881,875 83
	<hr/>

Of the total amount in the Emergency Fund, over 23 per cent or \$208,030.26 have been the earnings; the balance of \$673,845.57 having been paid into the Emergency Fund by the members of the Order.

The notes on the seventy-seven (77) mortgages call for \$228,565.00. The assessed valuation of the mortgaged property May 1, 1916, was \$522,800.00, and the insurance on the buildings amounted to \$380,900.00.

The Municipal Bonds owned by the Order are divided amongst the cities of Beverly, Boston, Brockton, Cambridge, Chelsea, Chicopee, Everett, Fall River, Fitchburg, Gloucester, Haverhill, Holyoke, Lawrence, Lowell, Lynn, Malden, New Bedford, Newburyport, Newton, Peabody, Quincy, Salem, Somerville, Springfield, Taunton, Waltham, Worcester and the Commonwealth of Massachusetts. The cost price of the several bonds was \$651,426.87, the par value being \$679,000.00.

The net receipts from January 1 to April 1, 1917, were \$7,363.17, including the total amount in the Emergency Fund, April 1, 1917, \$889,239.00.

The net receipts since April 1, have been \$6,532.46. The total amount in the Emergency Fund in the hands of the Trustees at the time of making up this report, May 1, 1917, was \$895,771.46, invested as follows:

Municipal Bonds, cost price.....	659,437.38
Old Colony Trust Company.....	8,612.46
Union Institution for Savings.....	706.62
	<hr/>
	\$895,771 46
	<hr/>

The difference in the mortgage loans between December 31, 1916, and May 1, 1917, is accounted for by the payments of \$10,050.00 on account of mortgage notes, and new loans amounting to \$9,500.00.

Since December 31, 1916, there have been maturities of bonds owned by the Order, the cost price of which was \$4,068.80, and the Order has purchased municipal bonds, the cost price being \$12,079.31.

An inspection of the securities contained in the private vault of the Security Safe Deposit Company was made May 21 by the Finance Committee who reported that all bonds and mortgages owned by the Order were contained therein, and a certificate from the auditor of the Old Colony Trust Company that the balance to the credit of the Order was \$8,612.46, as shown by the books of the High Secretary-Treasurer.

The various estates upon which the mortgage loans have been made were inspected by the Trustees, the High Chief Ranger and the High Secretary-Treasurer, during the year and found to be in fairly good condition, and we are of the opinion that the Order is amply protected.

Respectfully yours,

Resolutions presented by Hon. William H. O'Brien of Edward Everett Court, No. 255, Resolved that the Massachusetts Catholic Order of Foresters in Convention assembled, representing 43,000 men and women of this Commonwealth, express their heartfelt approval of the humane efforts of his Excellency, Governor McCall, to secure the enactment of a non-contributory old age pension system that would wipe out for ever, from the minds of worthy men and women who had given their best in honest toil to build this, one of the greatest Commonwealths, the fear of old age in poverty and pauperism, and the Convention prays that such a law may soon be enacted, thus placing every deserving man and woman within the Commonwealth upon an equal footing, the basis of such pension being a proof of need.

At this time High Chief Ranger Daly presented to the convention Rev. Father Tully of Springfield, and invited the Reverend Father to say a few words relative to the M. C. O. F. Delinquent Work in Western Massachusetts.

ADDRESS OF REV. DANIEL F. TULLY, DIRECTOR OF CHARITIES, DIOCESE OF SPRINGFIELD, MASS.

I am not going to keep you long. In the discussion that is just finished there was one thing that struck me and that was what one Brother said, that he got the floor one time and the reason was because no one else wanted it. The High Chief Ranger did try to give me the floor. When a priest comes, he comes as a guest and there should be some arrangement to have him talk and let him go.

Our work has gone along on the same lines. We have taken up Adult Probation, the supervision of men who come into the Court for non-support and first offence drunkenness. I have been trying it out in Springfield. It is still in the experimental stage. I hope it will spread into other states.

We are continuing our old work of visiting the Juvenile Courts and have supervised 338 boys that have come into the Court. Three hundred and fifty-six we have taken at the expense of the Diocese into our institutions, because we felt there was some hope for them. So that while you have contributed \$345 during the past year, the Diocese of Springfield has contributed about \$3,000 in support of these children. The support of these children falls on the parish from which they come. While I have taken perhaps 155 children in all, 35 of them were taken for delinquency, because

of this or that petty crime and the others were taken on pure neglect and, of course, do not come under your supervision.

In the work of financial co-operation, the greater part of the co-operation has come from the western part, the Springfield Diocese, especially from the Springfield valley. The City of Worcester and Worcester County has not co-operated in the past as well as Western Massachusetts has co-operated. The shining exception to that is St. Loretta and McCafferty, St. Loretta especially because they have not only helped me in the Delinquent work, but also in the Guild of St. Agnes. You have nothing like the Guild of St. Agnes in the United States, and that has been helped to a great extent by St. Loretta Court. We received at the last meeting a gift of \$50. We have started another Guild in Holyoke and hope to have one in Springfield. We are taking up the matter of a Home for Delinquent Women and Girls and the Work of a Day Nursery, because we feel that if we take care of them during the day there will be fewer delinquents in our Courts. In many cases the children are delinquent and neglected because the parents must work.

I invite any, or all of you, to visit the Guild of St. Agnes while you are in Worcester and see the work that is being done there, perhaps getting a few ideas of what you may be able to do in your own home, because we must take up this work, co-operating with the priests in their endeavors to help the children that come into the Courts. It is not sufficient to look after them while they are in the Courts, we must do preventive work. Therefore, I would ask you to get familiar with that in order that you may perhaps start, or encourage, that work in your own city. If we are to have a great war, which I hope we will not, the work of the Day Nursery will loom up as one of the ways of helping our country.

I thank you for your kindness and co-operation.

Resolutions upon the death of *Captain* DENNIS F. O'SULLIVAN, Founder and First High Chief Ranger of the Massachusetts Catholic Order of Foresters:—

The Massachusetts Catholic Order of Foresters, by its Representatives in Annual Session of the High Court, Assembled May 28, 1917, place on record this tribute of their regard for his memory and appreciation of the work performed by

CAPTAIN DENNIS F. O'SULLIVAN
FOUNDER AND FIRST HIGH CHIEF RANGER
of the
MASSACHUSETTS CATHOLIC ORDER OF FORESTERS

whose death occurred on the twenty-ninth day of January, 1917.

He was born in Ireland and arrived in Boston when a young man. When the Catholic T. A. Union of Boston was formed in 1870, he was an active member of the St. Valentine C. T. A. Society connected with the church of the Immaculate Conception. He was president of the latter society and a Deputy of the same. Soon after the close of the civil war he became con-

nected with the Ninth Regiment, M. V. M., serving as a private, sergeant, lieutenant and captain in Co. E.

He was present at a meeting called in 1879 for the purpose of forming a mutual relief and benevolent society and elected Chairman of the meeting. He was appointed a member of the committee of three to draft a constitution for that society and was its chairman. The committee met in his home and the result was the constitution of the Massachusetts Catholic Order of Foresters written by him. He was first named of the Incorporators; first Chief Ranger of Cathedral Court, No. 1; first High Chief Ranger of the Massachusetts Catholic Order of Foresters. He, with others, made great personal sacrifices in the foundation of the early courts and extending the organization, from the date of the formation of the organization to the time of his death.

He devoted his entire energies to any cause in which he was engaged, a loyal friend thoroughly imbued with the faith of his fathers, he never questioned its laws and was always a frequent communicant at its altars. A model citizen and a faithful member of every society with which he was connected. Duty was part of his being. He did his and expected all others to do theirs. The Massachusetts Catholic Order of Foresters received much from him. It owes more than it can repay. Father, Founder, Friend he was always at the command of the organization. It will miss him but he will not be forgotten. We will remember him in our prayers. The sympathy of the organization goes forth to the members of his family.

Lawler, to final rest and happiness. During the first years of the organization Brother Lawler was tireless in his efforts to advance its interests, and in doing so he spared neither time, money or self, and continued his interests to the end.
